The result is a heart-pounding epic science

fantasy. Brought up by unfriendly, ossifying nuns, ancient retainers, and countless skeletons, Gideon is ready to abandon a life of servitude and an afterlife as a reanimated corpse. She packs up her sword, her shoes, and her dirty magazines, and prepares to launch her daring escape. But her childhood nemesis won't set her free without a service. Harrowhark Nonagesimus, Reverend Daughter of the Ninth House and bone witch extraordinaire, has been summoned into action. The Emperor has invited the heirs to each of his loyal Houses to a deadly trial of wits and skill. If Harrowhark succeeds she will become an immortal, all-powerful servant of the Resurrection, but no necromancer can ascend without their cavalier. Without Gideon's sword, Harrow will fail, and the Ninth House will die. Of course, some things are better left dead. Giovanni Battista Buonamente was among the most original and inventive Italian composers of the seventeenth century. Peter Allsop reveals his importance as part of a tradition that stands in direct antithesis to that of the Corellian sonata today regarded as the 'norm'. This development is traced in a series of likely teacher-pupil relationships from Salamone Rossi to Marco Uccellini, the most prolific Italian composers of instrumental ensemble music in the first half of the seventeenth century. The first half of the book sets out what is known of Buonamente's turbulent career as he moved from the courtly environments of the Gonzaga household and Habsburg court to several less auspicious posts at various religious institutions, ending his life as maestro di cappella at the mother house of his order, S. Francesco in Assisi. A fascinating picture emerges of the nature of musical patronage against a background of war and plague in this time of great political instability. The later chapters comprise detailed discussions, supported with over 100 music examples, of the unusually wide range of genres for which Buonamente wrote: sinfonias, free sonatas, sets of variations, canzonas, dances; and he was the first Italian to cultivate the ensemble suite to any extent. The book concludes with an examination of his influence on his probable pupil Marco Uccellini and the interest Buonamente instigated in canonic writing, which was passed via Uccellini to a succession of Modenese composers.

Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations. Mobile Home Journal Routledge

The Three Musketeers

This is an account of English politics in the 1660s, the years immediately following the Restoration of Charles II, after the Civil Wars and Interregnum in the course of which the monarchy had been abolished and Charles I executed. It is the first detailed study of Westminster politics in the 1660s for over twenty years, and the first ever in-depth study of the legislation of the 1660s. Dr Seaward shows how these drastic and dramatic events had changed perceptions and attitudes in British politics. He analyses the policies followed by the Restoration government (and in particular those of Charles II's chief minister, Clarendon) in attempting to restore royal power, and the effect of the Civil Wars' legacy of partisan bitterness on relations between government and parliament. The book also describes the breakdown in those relations, which occurred in 1666-7 and during the earlier crisis in 1663, and attempts to discover why relations were soured so quickly after the euphoria of the Restoration in 1660.

Recreational Vehicle Accident Investigation Study. Interim Report

The old tradition of the literary stroller, whose imagination fed on the passing crowd, still survived in the intimate atmosphere of Dublin in the 1970s and 1980s. In these diaries writer Ulick O'Connor takes us into the heart of Irish life in that period, evoking the streets and bars of Dublin with their now legendary characters, the world of

Ulick O'Connor recreates the atmosphere and talk of the Anglo-Irish country houses such as Lexlip Castle and Tullynally, where he often stayed as a guest of the Guinnesses and the Longfords. He also reveals the secret part he played as a go-between for the Taoiseach, Jack Lynch.
