A venerable tiger, old and toothless now, looks back over his life from cubhood and early days roaming wild in the Indian jungle. Trapped into a miserable circus career as 'Raja the magnificent', he is then sold into films (co-starring with a beefy Tarzan in a leopard skin) until, finding the human world too brutish and bewildering, he makes a dramatic bid for freedom. R.K. Narayan's story combines Hindu mysticism with ripe Malgudi comedy, viewing human absurdities through the eyes of a wild animal and revealing how, quite unexpectedly, Raja finds sweet companionship and peace.

A Nobel Laureate offers a dazzling new book about his native country India is a country with many distinct traditions, widely divergent customs, vastly different convictions, and a veritable feast of viewpoints. In *The Argumentative Indian*, Amartya Sen draws on a lifetime study of his country's history and culture to suggest the ways we must understand India today in the light of its rich, long argumentative tradition. The millenia-old texts and interpretations of Hindu, Buddhist, Jain, Muslim, agnostic, and atheistic Indian thought demonstrate, Sen reminds us, ancient and well-respected rules for conducting debates and disputations, and for appreciating not only the richness of India's diversity but its need for toleration. Though Westerners have often perceived India as a place of endless spirituality and unreasoning mysticism, he underlines its long tradition of skepticism and reasoning, not to mention its secular contributions to mathematics, astronomy, linguistics, medicine, and political economy. Sen discusses many aspects of India's rich intellectual and political heritage, including philosophies of governance from Kautilya's and Ashoka's in the fourth and third centuries BCE to Akbar's in the 1590s; the history and continuing relevance of India's relations with China more than a millennium ago; its old and well-organized calendars; the films of Satyajit Ray and the debates between Gandhi and the visionary poet Tagore about India's past, present, and future. The success of India's democracy and defense of its secular politics depend, Sen argues, on understanding and using this rich argumentative tradition. It is also essential to removing the inequalities (whether of caste, gender, class, or community) that mar

Indian life, to stabilizing the now precarious conditions of a nuclear-armed subcontinent, and to correcting what Sen calls the politics of deprivation. His invaluable book concludes with his meditations on pluralism, on dialogue and dialectics in the pursuit of social justice, and on the nature of the Indian identity.

CAFO : The Tragedy of Industrial Animal Factories provides an unprecedented view of concentrated animal feeding operations, where increasing amounts of the world's meat, milk, eggs, and seafood are produced. As the photos and essays in this powerful book demonstrate, the rise of the CAFO industry around the world has become one of the most pressing issues of our time. Industrial livestock production is now a leading source of climate-changing emissions, a source of both freshwater and ocean pollution, and a significant contributor to diet-related diseases such as obesity and the spread of food-borne illnesses. The intensive concentration of animals in such crammed and filthy conditions dependent on antibiotic medicines and steady streams of subsidized industrial feeds poses serious moral and ethical concerns for all of us.

Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. A stunning facsimile of the 1919 first edition of William Butler Yeats's *The Wild Swans at Coole*: an elegant volume showcasing these poems as they would have first been read and a complement to facsimile editions *The Winding Stair* and *The Tower*. Published in 1919 during W.B. Yeats's "middle stage" and composed of poems written during World War I, *The Wild Swans at Coole* is contemplative and elegiac. This collection captures Yeats at a time when he was looking back on his life, coming to terms with the realities of modern war, reflecting on lost love, and defining his place in the world as a poet. It features forty poems, among them "The Fisherman," "In Memory of Major Robert Gregory," "The Wild Swans at Coole," and "On Being Asked for a War Poem." This facsimile of the original 1919 edition presents the reader with the work in its original form, with handsome old fashioned type, how readers and Yeats himself would have seen it in the early twentieth century.
