Golding 's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any

age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

For nearly thirty years from 1940, the Gemini Studios of Madras was the most influential film-producing organization of India and its founder, the brilliant multi-faceted entrepreneur S. S. Vasan lent substance and quality to the rather fragile and unpredictable movie business. Sahitya Akademi award-winning Tamil writer Ashokamitran worked for the Gemini Studios from 1952 to 1966. A full twenty years after Ashokamitran renounced films, poet-editor Pritish Nandy persuaded him to record his reminiscences and the result was a series of articles making up My Years with Boss.

A Nobel Laureate offers a dazzling new
book about his native country India is a
country with many distinct traditions,
widely divergent customs, vastly different
convictions, and a veritable feast of
viewpoints. In *The Argumentative Indian*,
Amartya Sen draws on a lifetime study of
his country's history and culture to suggest
the ways we must understand India today in
the light of its rich, long argumentative

tradition. The millenia-old texts and
interpretations of Hindu, Buddhist, Jain,
Muslim, agnostic, and atheistic Indian
thought demonstrate, Sen reminds us,
ancient and well-respected rules for
conducting debates and disputations, and for
appreciating not only the richness of India's
diversity but its need for toleration. Though
Westerners have often perceived India as a
place of endless spirituality and unreasoning
mysticism, he underlines its long tradition of
skepticism and reasoning, not to mention its
secular contributions to mathematics,
astronomy, linguistics, medicine, and
political economy. Sen discusses many
aspects of India's rich intellectual and
political heritage, including philosophies of
governance from Kautilya's and Ashoka's in
the fourth and third centuries BCE to
Akbar's in the 1590s; the history and
continuing relevance of India's relations with
China more than a millennium ago; its old
and well-organized calendars; the films of
Satyajit Ray and the debates between
Gandhi and the visionary poet Tagore about
India's past, present, and future. The success
of India's democracy and defense of its
secular politics depend, Sen argues, on
understanding and using this rich
argumentative tradition. It is also essential to
removing the inequalities (whether of caste,
gender, class, or community) that mar
Indian life, to stabilizing the now precarious
conditions of a nuclear-armed subcontinent,
and to correcting what Sen calls the politics
of deprivation. His invaluable book
concludes with his meditations on pluralism,
on dialogue and dialectics in the pursuit of
social justice, and on the nature of the
Indian identity.

Taryn Clark thought she'd outgrown the need to find her birth mother. She thought that a successful career and a comfortable life in the city were enough to be happy. Did she really need to know about the woman who had given her away? Adopted at birth, her first few years were happy. It

hadn't mattered that she didn't know her heritage; she had parents who loved her and wanted her. But divorce, and then death, ripped their tiny family apart, and at the tender age of six, she entered the foster care system. Over the next dozen years, she shuffled from home to home. Finding her roots seemed an impossible dream. But dreams are resilient. An unexpected discovery awakens old yearnings of belonging to a family, of being part of something bigger than herself. Finding the brief, ambiguous note from her birth mother is enough to unfurl the ribbons of hope still binding her heart. Her quest takes her to Lancaster County, Pennsylvania and the heart of the Plain community. Aided by her unique eye color, a healthy dose of luck, and the private investigator she hires, Taryn finds her birth family easily enough, but finding the truth is another matter. In all her musings, she never imagined a scenario where her mother might be Amish. She never imagined that the fabric of her life might be a patchwork of faith and fear, stitched together with a dark family secret. Taryn is determined to trace her roots, even if it means digging in the mud to do so. Now she's caught in the quicksand of a shocking discovery and the consequences of choices made, almost forty years ago. She'll risk everything to uncover the truth and to claim the family--and the roots--she so desperately craves.
