Which sort of seducer could you be?

Siren? Rake? Cold Coquette? Star?

Comedian? Charismatic? Or Saint? This

book will show you which. Charm,

persuasion, the ability to create illusions:

these are some of the many dazzling gifts

of the Seducer, the compelling figure who

is able to manipulate, mislead and give

pleasure all at once. When raised to the

level of art, seduction, an indirect and

subtle form of power, has toppled

empires, won elections and enslaved great

minds. In this beautiful, sensually

designed book, Greene unearths the two

sides of seduction: the characters and the

process. Discover who you, or your

pursuer, most resembles. Learn, too, the

pitfalls of the anti-Seducer. Immerse

yourself in the twenty-four manoeuvres

and strategies of the seductive process,

the ritual by which a seducer gains

mastery over their target. Understand

how to 'Choose the Right Victim', 'Appear

to Be an Object of Desire' and 'Confuse

Desire and Reality'. In addition, Greene

provides instruction on how to identify

victims by type. Each fascinating character

and each cunning tactic demonstrates a

fundamental truth about who we are, and

the targets we've become - or hope to win

over. The Art of Seduction is an

indispensable primer on the essence of

one of history's greatest weapons and the

ultimate power trip. From the

internationally bestselling author of The

48 Laws of Power, Mastery, and The 33

Strategies Of War.

Warhol's Queens offers a surprising mosaic

consisting of his portraits of royal queens and

images of drag queens. For Andy Warhol

(1928-1987), both genuine as well as fake

queens slipped into the role of idealized movie-

star femininity, devoting their lives to handing

down a glittering and sparkling way of life and

presenting it to the public for (not all too) close

inspection. The volume juxtaposes Warhol's

Polaroids of Princess Caroline of Monaco,

Farah Diba Pahlavi, and Crown Princess

Sonja, now Queen Sonja of Norway, with drag

queens, all of whom Warhol characterized as

"living testimony to the way women used to

want to be, the way some people still want

them to be, and the way some women still

actually want to be." Warhol's Queens presents

intense faces with exceptionally colored lips,

eyes, and hair that serve as sexual fetishes and

are too tempting to be resisted. Along with in-

depth scholarly essays, this book is a must both

for Warhol fans as well as anyone interested in

photography and portraiture.

When Pop-art paintings depicted Campbell soup cans or comic-book scenes of teen romance, did they stoop to the level of their mundane sources, or did they instead transmogrify the detritus of consumer culture into high art? In this study, Cecile Whiting declares the issues fundamentally irresolvable and instead takes the question itself, along with the varied answers it has generated, as the object of her analysis. Whiting presents case studies that focus on works by four artists - Tom Wesselmann, Roy Lichtenstein, Andy Warhol, and Marisol Escobar - who are closely associated with the Pop-art movement. Throughout her engaging analyses, Whiting unravels the gendered overtones of their cultural manoeuvrings, noting how the connotations of masculinity as attached to the seriousness of high art, and the presumed frivolity and caprice of a feminine world of consumption repositioned cultural frontiers and reformulated the relation between sexes.

The Metaphor of Celebrity is an exploration of the significance of literary celebrity in Canadian poetry. It focuses on the lives and writing of four widely recognized authors who wrote about stardom – Leonard Cohen, Michael Ondaatje, Irving Layton, and Gwendolyn MacEwen – and the specific moments in Canadian history that affected the ways in which they were received by the broader public. Joel Deshayé elucidates the relationship between literary celebrity and metaphor in the identity crises of celebrities, who must try to balance their public and private selves in the face of considerable publicity. He also examines the ways in which celebrity in Canadian poetry developed in a unique way in light of the significant cultural events of the decades between 1950 and 1980, including the Massey Commission, the flourishing of Canadian publishing, and the considerable interest in poetry in the 1960s and 1970s, which was followed by a rapid fall from public grace, as poetry was overwhelmed by greater popular interest in Canadian novels.

This book offers a compelling perspective on the striking similarity of art and commerce in contemporary culture.

Combining the history and theory of art with theories of contemporary culture and marketing, Maria A. Slowinska chooses three angles (space, object/experience, persona) to bridge present and past, aesthetic appearance and theoretical

discourse, and traditional divisions between art and commerce. Beyond both pessimistic and celebratory rhetorics, »Art/Commerce« illuminates contemporary phenomena in which the aestheticization of commerce and the commercialization of aesthetics converge.

Andy Warhol first found success as an award-winning commercial artist in New York. He soon put the commercial techniques he learned as an illustrator to work in his now-famous studio, dubbed the Factory. Appropriately enough, the artist once said, I want to be a machine, reiterating the commercial, serial themes displayed in his paintings. Surrounding himself with a notorious coterie of assistants - from drifters and junkies to musicians and poor little rich kids - Warhol installed himself in his Factory, which itself quickly became New York's most famous counter-culture nucleus. Ghostly pale and silver-wigged, Andy Warhol has become an icon himself, an impenetrable enigma who became one of the most singularly identifiable figures of the turbulent sixties. And while Warhol's work may be best known for its stark reflections of popular and commercial culture, the artist did not hesitate to explore some of the more sinister traits of his era - from war and criminality. His grainy images of highway accidents and his serial panels of the handgun or the electric chair seem to drown emotion while at the same time recovering some of the shock power lost in the media's trivialization of

disaster. Warhol's work has been called both naive and sophisticated, thought-provoking and mindless, superficial and profound, and the furor he created refuses to die down - more than a decade after the artist's death. This book explores the paradox of Andy Warhol's life and work with flair and intelligence and brings all the vibrance, humor, and genius of his work into full view.

New York Magazine Compass Point Books

An exploration of the work by American artist Richard Bernstein that celebrates his larger-than-life portraits for the covers of Andy Warhol's Interview magazine, as well as his visually arresting fine art, movie posters, and album covers created from the mid-1960s to the 1990s. Richard Bernstein, a fixture at Studio 54 and with fashion and art insiders, captured the allure of the disco era through his iconic hyper-colored graphic portraits of superstars for the covers of Andy Warhol's Interview magazine.

Warhol's influence on Bernstein's bold, playful, and graphic artwork is evident, and it was often thought that Warhol created the covers himself. Yet it was Bernstein, an American artist and art director, whose distinctive craft of retouching photographs with pastels, stencils, and airbrushing monumentalized his subjects into dazzling pop-art incarnations—sexy, captivating, and forever young. The book features his legendary Interview covers of Madonna, Grace Jones, Mick Jagger, Cher, Calvin Klein, Michael Jackson, and Aretha Franklin, and Bernstein's rarely seen fine artwork, album covers, and editorial work for Time, Vogue Italia, New York Magazine, and Playboy, complete with intimate anecdotes and interviews with his closest friends and collaborators. This volume is an essential addition to any fashion, pop culture, style, or art lover's library.
