As a useful tool for program certification, this high quality DVD series, offers an innovative approach to performance-based learning and maximizes limited teaching resources. These tools allow instructors to show key tasks, including all P1 tasks in the areas covered, to students in the classroom prior to training them in the shop. The entire series of DVDs is correlated to the 2005 NATEF Task lists, which makes them ideal for use in combination with NATEF Standards Job Sheets, or with any comprehensive or topic-specific automotive text. Coverage includes diagnosis

and repair procedures in the areas of Engine Repair, Suspension and Steering, Brakes, Electricity and Electronics, Heating and Air Conditioning, and Engine Performance. Automatic and Manual Transmissions coverage will be added at a later date. Each video segment depicts actual procedures being performed on common domestic and foreign model automobiles, and is narrated in easily understood language.
