The Sum of Our Follies is a novel set in Lubok Sayong, an imaginary Malaysian town. Two narrators describe Lubok Sayong and its community of quirky inhabitants. The first is Auyong, a retiree from the city who operates a lychee factory in Lubok Sayong. The other is eleven-year-old Mary Anne, an orphan who is taken in by an irascible woman in charge of the Big House. Through

anecdotes and gentle humour, the two narrators observe the events that change the town and their lives as modernity sets in and Mary Anne grows up. Ibn ' Arab î - Time and Cosmology Berrett-Koehler Publishers

things when they perceive injustice. Often their perception is imaginary. Masses of people can be manipulated to believe that they are victimized. They then become filled with hate, seek revenge and commit atrocities while considering themselves righteous and justifying every cruelty. Islam is one such a doctrine. Why are there no freedom of speech and no true democracy in any Islamic country? Why do they abuse and treat their

women as objects? Why do all Muslim countries have dismal Human Rights record? Why they riot and murder innocent people over the silliest things? What drives so many of them to terrorism? Why they are constantly at war with everyone, and with each other? To understand Muslims, we must understand their prophet. Islam is Muhammadism. His biographers reported Muhammad used to withdraw to a cave and

spend days wrapped in his thoughts. He felt spasms, heard bells ringing and saw ghosts. He thought he had become demon possessed, but his wife reassured him he had become a prophet. Convinced of his superior status, Muhammad was intolerant of those who rejected him, assassinated those who criticized him, raided, looted, and massacred entire populations. He reduced thousands to slavery. He raped, and allowed his

---

men to rape their female captives. All of this, he did with a clear conscience and a sense of entitlement. He was magnanimous to those who admired him, but vengeful towards his detractors. He believed he was the most perfect human creation and that the universe was created because of him.

Understanding Muhammad ventures beyond the stories. It unravels the mystique of the most influential, and

yet the most enigmatic man in history. Muslims emulate their prophet. Only by understanding him can we know what makes them tick, and predict these most unpredictable people.

Due to failing health from old age, Genghis Khan did not live to fulfill his dreams of conquering the world. Those dreams however lived on in the hearts of his heirs, one of whom was

Hulagu Khan. Like his grandfather, Hulagu Khan was a genius in military tactics and a brave Monggol horse warrior. When he took up command, the Monggols already had control of Central Asia with plans to head west. However, one thing stood in their way of expanding their Mongol Empire. It was the flourishing Abbasiyah Empire in West Asia. Hulagu Khan's sharp military

---

tactics, combined with corruption amongst the rulers of the Abbasiyah Empire, finally saw the fall of Baghdad. Conquered, Baghdad was destroyed. Its land turned red, swimming in the blood of the scientists and philosophers killed. Its waters ran black with ink from the libraries of books thrown into the Tigris river. It was the end of the Abbassid dynasty.

Though victorious, the Mongol Empire's own end was near. Soon after the conquest of Aleppo and Damascus, Hulagu Khan's advance to expand his empire in Arabia was halted after his defeat to courageous Mamluk army in Ain Jalut. Muslim Girl Routledge Report on world trends and long term prospects regarding population growth, natural resources and environmental issues - emphasizing the

interrelationships between these areas, presents integrated approach projections to the year 2000 of fishery resources, forests, power resources, water resources, mineral resources, agriculture, climate and nuclear energy, etc., And includes a comparison of global model forecasting techniques. Diagrams, graphs, maps, references and statistical tables.

Pada masa sama, buku ini turut merungkai bagaimana 'kontrak sosial' yang tidak wujud secara istilah pada teks Perlembagaan Persekutuan 1957 diguna pakai untuk menterjemah takrif persefahaman dan kesepakatan bagi keadilan sosial tiga kaum terbesar di Tanah Melayu. Perlaksanaannya berteraskan semangat mendalam dan ia terbukti berkesan memelihara keharmonian kaum sehingga hari ini. Berikutan itu, ia wajar

dilindungi dan buku ini akan memperincikan perbincangan yang disertakan dokumen lengkap bagi membolehkan kontrak sosial difahami dan seterusnya menutup debat percanggahan serta pertelingkahan yang hanya bermaksud mengucar-ngacirkan negara.

a world where most mice dutifully accept their circumstances, ask no questions, and keep chasing the cheese, Deepak Malhotra tells an inspiring story about three unique and adventurous mice—Max, Big, and Zed—who refuse to accept their reality as given. I Moved Your Cheese reveals what is possible when we finally discard long-held and widely accepted assumptions about how we should live our lives. After all, achieving extraordinary success,

personal or professional, has always depended on the ability to challenge assumptions, reshape the environment, and play by a different set of rules—our own. But rejecting deeply ingrained beliefs is not easy. As Zed explains, “You see, Max, the problem is not that the mouse is in the maze, but that the maze is in the mouse.” “Deepak Malhotra allows you to glimpse a world of your own making without the limits and barriers that others

create.” —Stephen R. Covey, New York Times- bestselling author of The 7 Habits of Highly Effective People “A magnificent story with a powerful message. As someone who has encouraged scores of professionals into breaking through the maze and defining their own pursuits, I find this to be a gem of a book.” —Vinod Khosla, cofounder, former CEO and Chairman, Sun Microsystems, and founder, Khosla Ventures “This book’s message is both

Muslim Girl: A Coming of Age is the extraordinary account of Amani's coming of age in a country that too often seeks to marginalize women like her. Her spirited voice and unflinching honesty offer a fresh, deeply necessary counterpoint to current rhetoric about the place of Muslims in American life.

It was a time when the Umayyad Empire was aggressively expanding their jurisdiction. Finally, they reached the borders of Africa and Europe – a border separated by the narrow strip of a strait. The first commander to cross these straits and set foot on European soil was none other than Tariq ibn Ziyad. A

---

brave and formidable warrior, Tariq was a smart strategist. He strategically took advantage of the time the Christian rulers of Andalusia were engulfed in a civil war to attack and ultimately defeat them. Hence, the straits that he crossed was honourably named after him, as Jabal Tariq or Gibraltar. After the Andalusian soil was conquered, Tariq advanced towards Paris but was annihilated at the mountains of the Alps. Tariq was also forced

to retreat because the Caliphs were worried they would lose contact with him. From then on forth, Andalusia became one of Europe's shining stars amidst the dark ages.
