Best Gay Enemies/Rivals/Opposites Become Lovers (590 books)

Ok that's ridiculous. If someone has to tell you that a character is gay, without it being apparent in the book or story itself, then I don't think it belongs on a list of "best fantasy featuring gay main characters." Having Harry Potter on this list implies that there is a gay lead character, and that his being gay is apparent and somehow a part of the story.
