Purpose: The primary purpose of the Comprehensive Pavement Design Manual (CPDM) is to provide

designers with a single-source compilation of current Department policy and guidance pertaining to pavement designs for projects falling under the jurisdiction of the NYS Department of Transportation. The guidance provided reflects the collective experience of the Department of Transportation, the ...
MDOT - Bridge Design Manual
The

Infrastructure Design Manual (IDM) is a joint initiative of Victorian rural and regional Councils working together to formulate and maintain a set of consistent requirements and standards for the design and development of infrastructure. The first version of the IDM came into use in October 2007 when it was placed online.
