Many users never actually get as far as the user manual. It is often tossed aside as being either secondary, or just too difficult to deal with. When this happens, the user, the product and the writing team all suffer in some way. In order to get past this point the user manual must make a strong ...

CFdesign can be installed such that the installation files reside on a file server machine, and the User Interface and Solver run on users local machines. The server process called CFD Server 9 runs locally and manages the communication between the User Interface and the Solver (this is true for a single node installation as well).
