For fans of *Hatchet* and *Island of the Blue Dolphins* comes Theodore Taylor's classic bestseller and Lewis Carroll Shelf Award winner, *The Cay*. Phillip is excited when the Germans invade the small island of Curaçao. War has always been a game to him, and he's eager to glimpse it firsthand—until the freighter he and his mother are traveling to the United States on is torpedoed. When Phillip comes to, he is on a small raft in the middle of the sea. Besides Stew Cat, his only companion is an old West Indian, Timothy. Phillip remembers his mother's warning about black people: "They are different, and they live differently." But by the time the castaways arrive on a small island, Phillip's head injury has made him blind and dependent on Timothy. "Mr. Taylor has provided an exciting story...The idea that all humanity would benefit from this special form of color blindness permeates the whole book...The result is a story with a high ethical purpose but no sermon."—*New York Times Book Review* "A taut tightly compressed story of endurance and revelation...At once barbed and tender, tense and fragile—as Timothy would say, 'outrageous good.'"—*Kirkus Reviews* * "Fully realized setting...artful, unobtrusive use of dialect...the representation of a hauntingly deep love, the poignancy of which is rarely achieved in children's literature."—*School Library Journal*, Starred "Starkly dramatic, believable and compelling."—*Saturday Review* "A tense and moving experience in reading."—*Publishers Weekly* "Eloquently underscores the intrinsic brotherhood of man."—*Booklist* "This is one of the best survival stories since *Robinson Crusoe*."—*The Washington Star* · A *New York Times* Best Book of the Year · A *School Library Journal* Best Book of the Year · A *Horn Book* Honor Book · An American Library Association Notable Book · A *Publishers Weekly* Children's Book to Remember · A *Child Study Association's* Pick of Children's Books of the Year · *Jane Addams Book Award* · *Lewis Carroll Shelf Award* · *Commonwealth Club of California: Literature Award* · *Southern California Council on Literature for Children and Young People Award* · *Woodward School Annual Book Award* · *Friends of the Library Award*, University of California at Irvine

Is your child getting lost in the system, becoming bored, losing his or her natural eagerness to learn? If so, it may be time to take charge of your child 's education—by doing it yourself. The *Well-Trained Mind* will instruct you, step by step, on how to give your child an academically rigorous, comprehensive education from preschool through high school—one that will train him or her to read, to think, to understand, to be well-rounded and curious about learning. Veteran home educators Susan Wise Bauer and Jessie Wise outline the classical pattern of education called the trivium, which organizes learning around the maturing capacity of the child 's mind and comprises three stages: the elementary school "grammar stage," when the building blocks of information are absorbed through memorization and rules; the middle school "logic stage," in which the student begins to think more analytically; and the high-school "rhetoric stage," where the student learns to write and speak with force and originality. Using this theory as your model, you 'll be able to instruct your child—whether full-time or as a supplement to classroom education—in all levels of reading, writing, history, geography, mathematics, science, foreign languages, rhetoric, logic, art, and music, regardless of your own aptitude in those subjects. Thousands of parents and teachers have already used the detailed book lists and methods described in *The Well-Trained Mind* to create a truly superior education for the children in their care. This extensively revised fourth edition contains completely updated curricula and book lists, links to an entirely new set of online resources, new material on teaching children with learning challenges, cutting-edge math and sciences recommendations, answers to common questions about home education, and advice on practical matters such as standardized testing, working with your local school board, designing a high-school program, preparing transcripts, and applying to colleges. You do have control over what and how your child learns. The *Well-Trained Mind* will give you the tools you 'll need to teach your child with confidence and success.

Religion 121-122 One World

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the “ doctrine of life and salvation for all the honest-in-heart ” (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened “ within them a desire to know and understand the things of God more than they ever did before in their lives ” and will begin to “ inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness ” (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections— “ Teachings of Brigham Young ” and “ Suggestions for Study. ” The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the “ Lion of the Lord ” (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.
