"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. As a sentimental story with a moral lesson about gift-giving, it has been popular for adaptation, especially for presentation at Christmas time.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Saraswati Information Technology (Vocational Course) Saraswati House Pvt Ltd

"Destined to become a staple reference book for writers and those interested in publishing careers." —Publishers Weekly Writers talk about their work in many ways: as an art, as a calling, as a lifestyle. Too often missing from these conversations is the fact that writing is also a business. Those who want to make a full- or part-time job out of writing are going to have a more positive and productive career if they understand the basic business principles underlying the industry. This book offers the business education writers need but so rarely receive. It is meant for early-career writers looking to develop a realistic set of expectations about making money from their work, or for working writers who want a better understanding of the industry. Writers will gain a comprehensive picture of how the publishing world works—from queries and agents to blogging and advertising—and will learn how they can best position themselves for success over the long term. Jane Friedman has more than two decades of experience in the publishing industry, with an emphasis on digital media strategy for authors and publishers. She is encouraging without sugarcoating, blending years of research with

practical advice that will help writers market themselves and maximize their writing-related income—and leave them empowered, confident, and ready to turn their craft into a career. "Friedman's 20-plus years in the industry, launching and managing the social media presence of Writer's Digest, along with her expertise in business strategies for authors and publishers, combine to create an invaluable compendium of practical advice." —Library Journal (starred review)

Word Annoyances John Wiley & Sons

This new book written by the developers of R Markdown is an essential reference that will help users learn and make full use of the software. Those new to R Markdown will appreciate the short, practical examples that address the most common issues users encounter. Frequent users will also benefit from the wide ranging tips and tricks that expose 'hidden' features, support customization and demonstrate the many new and varied applications of the software. After reading this book users will learn how to: Enhance your R Markdown content with diagrams, citations, and dynamically generated text Streamline your workflow with child documents, code chunk references, and caching Control the formatting and layout with Pandoc markdown syntax or by writing custom HTML and LaTeX templates Utilize chunk options and hooks to fine-tune how your code is processed Switch between different language engines to seamlessly incorporate python, D3, and more into your analysis
