Special Edition Using Microsoft

Windows XP Home John Wiley & Sons

Windows is the world's most popular operating system, and Windows For Dummies is the bestselling computer book ever. When you look at Windows XP For Dummies, 2nd Edition, it's easy to see why. Here's all the stuff you want to know, served up in plain English and seasoned with a few chuckles. But make no mistake, this book means business. Author Andy Rathbone listened to what you wanted to know, and this edition is loaded with additional information about E-mail, faxing, and troubleshooting Maximizing security features Customizing and upgrading Windows XP Multimedia applications—CDs, digital music and photos, video, and more Answers to questions asked by thousands of Windows users If you're just getting

started with Windows XP, you'll find Windows XP For Dummies, 2nd Edition is a lot easier than trying to get the fourth-grader next door to explain it to you. (Andy Rathbone is a lot more patient.) There's a whole section devoted to "Windows XP Stuff Everybody Thinks You Already Know," so you can get the hang of the basics quickly and in the privacy of your own home. And if you've been around a couple of generations of Windows, you'll be especially interested in how to squeeze maximum security from the beefed-up anti-spam and firewall features in Service Pack 2. Windows XP For Dummies, 2nd Edition is sort of like a buffet—you can sample everything, or just stick with the stuff you know you like. You'll find out how to Locate programs and files, organize your information, and fax, scan, or print documents Get online safely, send and receive e-mail, work with Internet Explorer's security toolbar, and steer clear of pop-ups, viruses, and spam Make Windows XP work the way you want it to, share your computer while maintaining your privacy, set up a network, and perform routine maintenance Transfer and organize pictures from your digital camera, edit digital video, and create custom CDs of your favorite tunes Use Windows XP's troubleshooting wizards and become your own computer doctor With its task-oriented table of contents and tear-out cheat sheet, Windows XP For Dummies, 2nd Edition is easy to use. You can quickly find what you want to know, and you just may discover that this book is as important to your computer as the power cord.

Windows XP Cookbook Mastering Windows XP Home Edition

While what you create using your computer is a unique expression of who you are, how you use your computer probably isn't. Nearly every Windows XP user follows the same Start menu path to launch programs, uses the same standard techniques in programs like Windows Explorer and Outlook Express, and performs the same customizations that don't go much beyond changing the wallpaper. However, there are those of us who qualify as the "post-novice" user, who think that doing things the

"official" way is too slow, less efficient and less powerful than there is potential for with Windows XP. Microsoft Windows XP Unleashed will take you beyond the standard-issue default settings and program wizards to shortcuts, new customization techniques, workarounds for common problems, and warnings on how to avoid the pitfalls of Windows XP, including those associated with Service Pack 2. Along the way, you'll learn about all kinds of insider details, undocumented features, powerful tools, and background facts that help put everything about Windows XP into perspective.

Alan Simpson's Windows XP Bible "O'Reilly Media, Inc."

Tired of putting up with Windows XP migraines? Here's just the remedy you need. Arranged by ailment, this diagnostic tool helps you pinpoint and treat your problems quickly and easily. The book is packed with potent cures for a variety of anxieties related to everything from the display settings and start menu to software and utilities to hardware and peripherals to Internet connections and networking--and much more. You'll also find fully up-to-date coverage of Windows XP Service Pack 2 and the latest multimedia tools including Windows Media Player 10. So, say goodbye to your Windows XP headaches and start enjoying peak system performance.
