With Applications to General and Specialty Areas John Wiley & Sons
This is a great course for beginner, the

experienced, and everyone in between. This course teaches what we call 'Word Building', which is the knowledge of how all medical words are structured. It's a quick, efficient and amazingly easy way for anyone to learn medical terminology. You learn how to recognize the meaning of a medical term by dividing the word into its three basic component parts: the prefix, root and suffix. By knowing the meanings of the prefixes, suffixes, and root words, you can easily make sense of a medical term. This course is designed for the healthcare claims biller, the medical insurance claims adjuster, the medical office worker, or anyone wanting to learn medical terminology. The course takes the average person 3 weeks or less to complete based on a study time of 1-2 hours per day.
