Read Online Chapter 11 The Cardiovascular System Answer Key. Chapter 11 The Cardiovascular System This chapter describes the morphological and functional aspects of the avian heart (Section 11.2), circulatory hemodynamics (Section 11.3), and the vascular tree (Section 11.4). A common thread running through this discussion is that the component parts of the circulation must function in an integrated fashion to ensure tissue oxygen delivery matches tissue demands.

The Cardiovascular System

Chapter 11

Chapter 11: The Cardiovascular System 357 11 flanked on each side by the lungs (Figure 11.1). Its pointed apex is directed toward the left hip and rests on the diaphragm, approximately at the level of the fifth intercostal space. (This is exactly where one would place a stethoscope to count the heart rate for an apical pulse.)

The Cardiovascular System Chapter 11 The function of the digestive system is to break down the foods you eat, release their nutrients, and absorb those nutrients into the body. Although the small intestine is the workhorse of the system, where the majority of digestion occurs, and where most of the released nutrients are absorbed into the blood or
