The Newbery Award-winning author of *Up a Road Slowly* presents the unforgettable story of Jethro Creighton—a brave boy who comes of age during the turbulent years of the Civil War. In 1861, America is on the cusp of war, and young Jethro Creighton is just nine-years-old. His brother, Tom, and his cousin, Eb, are both of fighting age. As Jethro's family is pulled into the conflict between the North and the South, loyalties are divided, dreams are threatened, and their bonds are put to the test in this heart-wrenching, coming of age story. “Drawing from family records and from stories told by her grandfather, the author has, in an uncommonly fine narrative, created living characters and vividly reconstructed a crucial period of history.” —Booklist

My new friends have begun to suspect I haven't told them the full story of my life. “Why did you leave Sierra Leone?” “Because there is a war.” “You mean, you saw people running around with guns and shooting each other?” “Yes, all the time.” “Cool.” I smile a little. “You should tell us about it sometime.” “Yes, sometime.” This is how wars are fought now: by children, hopped-up on drugs and wielding AK-47s. Children have become soldiers of choice. In the more than fifty conflicts going on worldwide, it is estimated that there are some 300,000 child soldiers. Ishmael Beah used to be one of them. What is war like through the eyes of a child soldier? How does one become a killer? How does one stop? Child soldiers have been profiled by journalists, and novelists have struggled to imagine their lives. But until now, there has not been a first-person account from someone who came through this hell and survived. In *A Long Way Gone*, Beah, now twenty-five years old, tells a riveting story: how at the age of twelve, he fled attacking rebels and wandered a land rendered unrecognizable by violence. By thirteen, he'd been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. This is a rare and mesmerizing account, told with real literary force and heartbreaking honesty.

*Curriculum and Assessment in English 3 to 11: A Better Plan* provides an overview of the subject in considerable breadth and depth, and offers a clear, balanced and forceful critique of the current language and literacy curriculum and its assessment arrangements for 3- to 11-year-olds in England, and of developments in the area during the past thirty years. The book restates fundamental truths about how pupils speak, read and write English with confidence and control. It describes how English can be taught most effectively, calls for an urgent review of some aspects of the current National Curriculum and its associated tests, and — crucially — proposes viable alternatives. This invaluable resource for those working in English, language and literacy education has a wide perspective and takes a principled and informed pedagogical approach. Based on a series of much-admired booklets released by the UKLA in 2015, this accessible guide to both theory and practice will be of interest to teachers, student teachers, teacher-educators, advisers and policy-makers in the UK and internationally.
