Jerry Spinelli, this beloved celebration of individuality is now an original movie on Disney+! And don't miss the author's highly anticipated new novel, *Dead Wednesday!* *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of “*Stargirl*, *Stargirl*.” She captures Leo Borlock’s heart with just one smile. She sparks a school-spirit

revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. *Stargirl* is suddenly shunned for everything that makes her different, and Leo, panicked and desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense,

emotional tale about the perils of popularity and the thrill and inspiration of first love. Don’t miss the sequel, *Love, Stargirl*, as well as *The Warden’s Daughter*, a novel about another girl who can't help but stand out. “Spinelli is a poet of the prepubescent. . . . No writer guides his young characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion.” —The New York Times
