Intermediate Accounting DeMYSTiFieD John Wiley & Sons

Essential knowledge of International Financial Reporting Standards for students of global accounting This important work provides the tools global accounting students need to understand international financial reporting standards (IFRS) and how they are applied in practice. This text emphasizes fair value, proper accounting for financial instruments, and new developments in international accounting. By presenting IFRS in light of current accounting practice, this book helps students gain practical knowledge of the topic that they can apply as they advance into their global accounting careers. With this revised and updated Fourth Edition, students will develop a firm conceptual understanding of IFRS, as well as the ability to integrate their learning through practical exercises. Throughout this text, Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, discussing the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting IFRS includes proven pedagogical tools designed to help students learn more effectively. Comprehensively covers the latest International Financial Reporting Standards and how they are applied in practice Takes a comparative approach to help students understand the differences between IFRS, U.S. GAAP, and other important standards Emphasizes practical application of knowledge with end-of-chapter Review and Practice sections Provides authoritative references and citations to ensure content reliability and provide opportunities for further study Includes access to video walkthroughs, interactive content, and digital resources to support student engagement and ensure positive learning outcomes As IFRS gains broad acceptance around the world, students of global accounting will need to be intimately familiar with these standards, and prepared to keep up with the rapid changes in the international environment. Intermediate Accounting IFRS answers to these pressing needs, making it the clear choice for accounting courses at the intermediate level.

Intermediate Accounting, Volume 1 John Wiley & Sons

Over thirty years and ten best-selling editions, Kieso and Weygandt have built a reputation for accuracy and comprehensiveness. The latest edition, a personal milestone for the authors maintains the qualities for which previous editions have been recognized.

Intermediate Accounting Wiley

Intermediate Accounting, 17th Edition is written by industry thought leaders, Kieso, Weygandt, and Warfield and is developed around one simple proposition: create great accountants. Upholding industry standards, this edition incorporates new data analytics content and up-to-date coverage of leases, revenue recognition, financial instruments, and US GAAP & IFRS. While maintaining its reputation for accuracy, comprehensiveness, and accessibility, Intermediate Accounting drives results by helping students build professional competencies through reliable problem material.

Intermediate Accounting John Wiley & Sons

Intermediate Accounting continues to be the gold standard when it comes to helping students connect the what, how, and why of accounting. With strategic content updates for currency and the inclusion of topics that will resonate with today's students, the 14th Canadian Edition presents an active, hands-on approach designed to develop problem solving skills and better prepare the next generation of accounting professionals. To promote a deeper understanding of course concepts, the text provides students with scaffolded, high-quality assessments and integrated practice opportunities at the point of learning. Integrated Cases and Research and Analysis questions help students take their understanding further as well, teaching them how to analyze business transactions, apply IFRS and ASPE, and explore the ways in which accounting standards impact real companies. Throughout the text, students will also have the chance to work through a variety of hands-on activities and resources, including Analytics in Action Features with real world applications and Data Analytics problems. These applications help students build confidence in their critical thinking skills, while simultaneously preparing them for the ever-evolving landscape of the accounting industry.

Financial Accounting, Reporting, and Analysis Wiley

Intermediate Accounting, 13th Canadian Edition has always been, and continues to be, the gold standard that helps connect students to the what, the why, and the how of accounting information. Through new edition updates, you will be able to spark efficient and effective learning and inspire and prepare students to be the accounting professionals of tomorrow. To help develop a deeper understanding of course concepts and move beyond basic understanding, students work through a high-quality assessment at varying levels, helping them learn more efficiently and create connections between topics and real-world application. This course also presents an emphasis on decision-making through Integrated Cases and Research and Analysis questions that allow students to analyze business transactions, apply both IFRS and ASPE, and explore how different accounting standards impact real companies. Throughout the course, students also work through a variety of hands-on activities including Data Analytics Problems, Analytics in Action features, Excel templates, and a new emphasis on sustainability, all within the chapter context. These applications help students develop an accounting decision-making mindset and improve the professional judgement and communication skills needed to be successful in the evolving accounting world.

Intermediate Accounting, Volume 2 John Wiley & Sons

Offering both technical and interpretative content, this is the only truly balanced financial accounting textbook to provide students not only with the 'how' and 'why' of financial information, but also guidance on what this means in practice.

Accounting Principles, Volume 1 John Wiley & Sons

International GAAP® 2019 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EYs financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2019 edition of International GAAP® has been fully revised and updated in order to: • Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers). • Explore the complex implementation issues arising as entities adopt, in 2019, IFRS 16 (Leases). • Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of this standard. • Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no standard applies to a particular transaction or event. • Address amended standards and new interpretations issued since the preparation of the 2018 edition. • Explain the many other initiatives that are currently being discussed by the IASB and by the IFRS Interpretations Committee and the potential consequential changes to accounting requirements. • Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues.

International GAAP 2021 Wiley

International GAAP 2020 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant

business context, and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. Intermediate Accounting, Chapters 1-14 , Self-Study Problems/Solutions Book Volume John Wiley & Sons

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. Study Guide Intermediate Accounting, Volume 1 Irwin/McGraw-Hill

The essential guide to practical IFRS implementation, updated for 2018 International GAAP 2018 is the definitive reference for IFRS application around the world. Written by the expert practitioners at Ernst & Young, this invaluable resource provides both interpretation and practical implementation guidance for anyone applying, auditing, interpreting, regulating, studying, or teaching IFRS. Specific instruction written from a global perspective provides clarity on complex issues, and coverage of the latest changes ensures that you will apply the most current standards appropriately and effectively. Worked examples provide answers at a glance, and hundreds of illustrations from major companies' financial reports demonstrate IFRS implementation and bring technical concepts to life. Countries around the world have adopted the International Financial Reporting Standards (IFRS), and in the US, foreign private issuers are allowed to report under IFRS without reconciling to US GAAP. This book provides the essential information practitioners need to correctly understand and apply these standards, using a clear, consistent approach to resolving global financial reporting issues under IFRS in real-world scenarios. Updated and expanded for 2018, this new edition allows you to: Get up to date on the newest amendments and interpretations issued in the past year Examine implementation issues caused by widespread adoption of IFRS 9, IFRS 15, and the upcoming adoption of IFRS 16 in 2019 Understand the new insurance contract standard IFRS 17, which solves the comparison problem of IFRS 4 Gain clarity and insight on practical matters involved with IFRS implementation This three-volume set provides the depth and breadth of coverage necessary, with financial instruments covered separately for greater ease of navigation. As the world's most comprehensive reference for IFRS implementation, International GAAP 2018 is the resource no practitioner, regulator, student, or researcher should be without.
