#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.” —The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene

when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . [United States History Builder for Admission and Standardized Tests](#) Harper Collins

NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order."
—Entertainment Weekly
McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent

mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Told through the fictional experiences of Okonkwo, a wealthy and fearless Igbo warrior of Umuofia in the late 1800s, Things Fall Apart explores one man's futile resistance to the devaluing of his Igbo traditions by British political and religious forces and his despair as his community capitulates to the powerful new order. With more than 20 million copies sold and translated into fifty-seven languages, Things Fall Apart provides one of the most illuminating and permanent monuments to African experience. Achebe does not only capture life in a pre-colonial African village, he conveys the tragedy of the loss of that world while broadening our understanding of our contemporary realities.

This new book by religion scholar Martin Marty, released in time for the 500th Anniversary of the Protestant Reformation, shows how Martin Luther ' s insights still speak to the church today about reconciliation, repentance and the need for "a change of heart." Included are the 95 Theses of Martin Luther. "The ' one thing ' that opens these pages relates to and, in fact, is the first of ninety-five theses that were proposed five hundred years ago by Martin Luther.... Here is that first thesis, as it was voiced by that influential monk in Germany half a millennium ago: "When our Lord and Master Jesus Christ said, ' Repent ' (Matthew 4:17), he willed the entire life of believers to be one of repentance. So, simply put, this book is about ' repentance ' as a worthy theme for believers to keep in mind if and as they commemorate events of five hundred years ago, events that still shape many features of their lives." — Martin Marty "Martin Marty ' s attention to October 31, 1517, the day that Martin Luther promulgated his 95 Theses, provides valuable insights for the past, the present, and the future—why Luther ' s articulation of

' repentance ' meant so much then, why his commitment to ' justification ' has now built a bridge for Catholics and Lutherans to work with each other, and why this great event of 500 years ago might herald a hopeful future for Christian believers and all others. There is an awful lot packed readably into this one small book." — Mark Noll, Francis A. McAnaney Professor of History, University of Notre Dame "I would not dream of preparing my mind and heart for the celebration of Luther ' s role in the Reformation without finding out what Martin Marty has to say on the subject. And he says it here in this wonderful little book. The gifted historian that he is, Marty gives us much solid information. But he also writes eloquently about how best to prepare our souls for the kind of commemoration that also includes some prayers of repentance." —Richard Mouw "This pithy book offers valuable insight on how Luther ' s 95 theses have had a profound influence on the ecumenical movement, and can help Christians today understand what it means to be a member of a truly ' catholic ' church." —Kathleen Norris "Martin Marty is the most widely respected historian of Christianity in the United States today. In this little book he with clarity, compassion, and a good dose of common sense shows how Luther ' s story is meaningful today." — Rev. John O ' Malley, S.J., University Professor, Georgetown University "From one of the world ' s most preeminent scholars of

religion comes a book about repentance; ...It is a gem."— James Martin, SJ

Most American young people, like their ancestors, harbor desires for a worthy life: a life of meaning, a life that makes sense. But they are increasingly confused about what such a life might look like, and how they might, in the present age, be able to live one. With a once confident culture no longer offering authoritative guidance, the young are now at sea—regarding work, family, religion, and civic identity. The true, the good, and the beautiful have few defenders, and the higher cynicism mocks any innocent love of wisdom or love of country. We are supercompetent regarding efficiency and convenience; we are at a loss regarding what it ' s all for. Yet because the old orthodoxies have crumbled, our “ interesting time ” paradoxically offers genuine opportunities for renewal and growth. The old Socratic question “ How to live? ” suddenly commands serious attention. Young Americans, if liberated from the prevailing cynicism, will readily embrace weighty questions and undertake serious quests for a flourishing life. All they (and we) need is encouragement. This book provides that necessary encouragement by illuminating crucial—and still available—aspects of a worthy life, and by defending them against their enemies. With chapters on love, family, and friendship; human excellence and human dignity; teaching, learning, and truth; and the great human aspirations of Western civilization, it offers help to both secular and religious readers, to people who are looking on their own for meaning and to people who are looking to deepen what they have been taught or to square it with the spirit of our times.
