Fixed income investments have been a topic of broad interest, in particular for institutional investors such as insurance companies and pensions schemes. They were considered safe heavens in turbulent times by almost all other institutional and individual investors and are used for strategies such as portfolio immunization and asset liability matching (ALM). The latest crisis, however, revealed some of the weaknesses of fixed income instruments. They proved to be not as safe as originally thought with both credit and interest rate risks emerging. Consequently, fixed income investments have been in the spotlight once more. This book presents all aspects pertaining to fixed income investments, starting from the basics—i.e. the types of bonds, their valuation, the interest rate term structure—then moving to fixed income portfolio management and the interest rate and credit derivatives and their relevant markets, funds, risks and risk management. Finally, the book addresses contemporary issues such as their behavior in times of crisis, their relation to debt, their coexistence with equity and the current regulatory environment. This book, providing a look at the broader environment of fixed income alongside the current market structure, will be of interest to students, academics, researchers and practitioners in fixed income and investing strategies.?

Journey to the heart of pre-colonial Africa in **\*\*Echoes of the Forgotten Warriors\*\***, a captivating tale of love, war, and the enduring power of the human spirit. Dr. Elena Zuri, a historian captivated by the allure of forgotten empires, stumbles upon an obsidian mask pulsating with an energy that transcends time.

From the hushed halls of a London archive, she's swept away to the vibrant Mwangi kingdom of the 15th century – a land teeming with towering baobabs, the rhythmic pulse of drums, and the wisdom of ancient griots. But this breathtaking world stands on the precipice of war, threatened by the encroaching Zimba kingdom. Adrift in this unfamiliar realm, Elena finds an unlikely protector in Kato, a seasoned Mwangi warrior whose name resonates through legend. He is strength etched in the harsh realities of conflict, a guardian of his people's heritage. Their initial interactions are a delicate dance of cultural

misunderstanding, a cautious exploration of two worlds colliding. Yet, amidst mutual suspicion, a spark ignites—a connection that defies the chasm of time and tradition. As the Zimba war drums intensify, Elena and Kato find themselves bound by circumstance and a shared determination to protect the Mwangi kingdom.

Elena's historical knowledge becomes a strategic asset, while Kato reveals the intricate tapestry of Mwangi culture. But their burgeoning love blossoms amidst the shadows of intrigue and the whispers of ancient prophecies surrounding Elena's arrival. Queen Adanna, a woman of fierce ambition, clashes with her impulsive brother, Prince Jabari, creating a volatile power struggle within the Mwangi court. Elena's presence becomes a double-edged sword – her knowledge of future events a potential advantage, but also a threat to the delicate balance of history. Kato, torn between loyalty and burgeoning love, must navigate treacherous political currents. Their love story unfolds against a backdrop of escalating conflict, a fragile flower blooming in the most unlikely of gardens. Yet, their bond faces formidable trials. The Zimba siege intensifies, the Mwangi elders grow suspicious, and Elena confronts the potential consequences of her presence in the past.

As the climactic battle approaches, Elena and Kato face an agonizing choice: prioritize their love or the fate of the Mwangi kingdom, forever altering the course of history. A daring plan emerges, hinging on the cooperation of a skeptical queen and a secret network of hidden tunnels beneath the city. In a final, brutal clash of cultures and military strategies, Kato leads the Mwangi warriors, guided by Elena's tactical insights. But amidst the chaos, Prince Jabari's recklessness ignites a new conflict, forcing Kato into a desperate rescue attempt while Elena holds the Mwangi defenses. The Mwangi kingdom triumphs, but victory comes at a devastating personal cost. Elena, recognizing the ripple effects of her actions, makes a heartbreaking choice, returning to her own time, leaving behind the man she loves and the world that has

become her second home. Back in the hushed stillness of the London archive, the obsidian mask lies inert, a silent testament to a love that defied time. Elena is left with the heavy knowledge that some choices, though made with noble intent, can have unforeseen and lasting consequences across the vast expanse of time, forever echoing through history.

Echoes of the Forgotten Warriors John Wiley & Sons

Rome, 41 AD. The Forum bustles, a symphony of sights and smells, but amidst the familiar clink of silver, Drusilla Attia, Rome's keenest numismatist, detects a dangerous dissonance. A veteran's payment feels...wrong. The coins are perfect replicas, yet lack the whisper of true silver, a discrepancy only Drusilla perceives. A chilling certainty grips her: a sophisticated counterfeiting operation is poisoning Rome's economic heart. Driven by professional pride and the unresolved grief of her father's unsolved murder, she embarks on a clandestine investigation. Each coin becomes a clue, each transaction a potential trap. One denarius bears an almost invisible inscription – a fragment from a lost Sibylline prophecy, foretelling chaos. This cryptic message suggests a conspiracy far grander than mere forgery. Seeking aid, Drusilla turns to Valerius Corvus, a disgraced former magistrate seeking redemption. He initially dismisses her concerns, but the meticulous evidence and Rome's teetering stability ignite a reluctant fire within him. Their partnership, a volatile mix of intellect and instinct, navigates the treacherous currents of Roman society. The teeming Subura becomes their hunting ground, where whispers can be deadly. Informants emerge: a tavern owner with a web of spies, a disgruntled scribe, a Vestal Virgin tormented by visions of Rome's doom. Each piece of information reveals a larger, more sinister picture – a conspiracy reaching the highest echelons of power, threatening the very foundations of the Republic. From the squalor of the slums to the opulent villas on the Palatine Hill, their investigation exposes corrupt senators, ambitious magistrates, and even whispers of Praetorian Guard involvement. A poisoned stylus meant for Drusilla finds its mark in Valerius, a chilling reminder of the stakes. As they delve deeper, Drusilla unearths a shocking truth about her revered father: he was entangled in the very conspiracy she seeks to expose, its architect even, seeking to expose corruption before he was silenced. Their pursuit culminates in a lavish banquet hosted by Emperor Claudius, a decadent spectacle masking the conspirators' final act. Disguised as servants, Drusilla and Valerius infiltrate the feast, uncovering the counterfeit operation and the devastating truth about her father's intentions. Torn between loyalty and justice, Drusilla makes a split-second decision amidst the ensuing chaos, exposing the plot and forever changing the empire. In the aftermath, trust, the true currency of civilization, lies shattered. The clink of a coin now carries a new resonance – a chilling reminder of the fragility of power and the enduring fight for justice in a world where whispers can topple empires.

FRANCISCO ANGULO LA RELIQUIA

The Secret of Zephyria In the vastness of the cosmos, where stars dance their eternal waltz and planets spin in silent orbits, lies a world forgotten by time. Zephyria, a name that whispers ancient secrets, an echo of civilizations lost in the dust of eons. Under the unrelenting scrutiny of two moons, their silvery light bathing the dunes in a spectral glow, stands a monument to the unknown. The Great Pyramid, an obsidian colossus that defies human comprehension, rises like a scar upon the planet's face, an enigma carved in the very stone of mystery. For countless millennia, this slumbering titan remained silent, guardian of unfathomable secrets under a star-studded firmament. The first colonists, lured by rumors of unimaginable riches, arrived on its barren shores with eyes filled with greed and hearts brimming with hope. They sought Luminium, a mineral whose power, it was said, could fuel their ships and extend their fleeting lives beyond the limits imposed by nature. But the pyramid, impervious to their efforts, remained sealed. Its dark chambers, labyrinths of alien wisdom, resisted every attempt at desecration. The Great Pyramid waited, patient as the mountains, eternal as the stars, for the chosen one to arrive. And then, like a meteor piercing the veil of night, came Elara Dawnbringer. Young, impetuous, with a thirst for knowledge that rivaled the vastness of the cosmos, Elara was an enigma herself. She was not driven by earthly riches or the promises of power that seduced her companions. Her heart beat to the rhythm of a higher symphony: the pursuit of knowledge, the yearning to decipher the mysteries that the universe jealously guarded. And it was on the sands of Zephyria, under the imposing shadow of the Great Pyramid, that she found her destiny written in the stars.
