In this groundbreaking biography, celebrated author James McGrath Morris skillfully illuminates

the life and accomplishments of pioneering journalist Ethel Lois Payne, while also bringing to the fore the critical role of the black press in the civil rights era. Payne used her journalistic skills as the Washington correspondent for the *Chicago Defender* to elevate civil rights issues to the national agenda. In the 1950s and 1960s, she raised challenging questions at presidential press conferences about matters of importance to African Americans and the emerging civil rights movement. A self-proclaimed "instrument of change," she publicly prodded President Dwight D. Eisenhower to support desegregation, and her reporting on legislative and judicial civil rights battles enlightened and motivated black readers. At some considerable personal risk, Payne covered such events as the Montgomery bus boycott, the desegregation of the University of Alabama, and the Little Rock school crisis. She also traveled overseas to write about the service of black troops in Vietnam and accompanied American leaders on diplomatic missions to Africa. President Lyndon B. Johnson recognized Payne's seminal role by presenting her with pens used in the signing of the Civil Rights Act and the Voting Rights Act. As a trailblazing black woman in an industry dominated by white men, she capped her career by becoming the first female African American radio and television commentator on a national network, working for CBS. Ethel Payne's unassuming style of journalism was a key to her success. From Alabama to Ghana, from Indonesia to Vietnam, Payne's reporting eschewed the emotionless objective style coveted by mainstream publications of her time. She became for many black Americans their eyes

on the frontlines of the struggle for equality in Washington, in the South, and in Africa. The white and black presses, operating in parallel worlds, saw events differently. The white press was quick to portray civil rights legislation as munificent gifts bestowed on American blacks, while Payne's reporting focused on the failures of legislation to grant African Americans the equality that rightfully belonged to them. Ethel Payne's life and work offers readers an opportunity to see the historic events of the civil rights era through her eyes. Inspiring and instructive, moving and enlightening, *Eye on the Struggle* celebrates this extraordinary woman and her achievements—and reminds us of the power one person has to transform our lives and our world.

The Oldest Student: How Mary Walker Learned to Read Random House

Catholic lore, American tales, and Sicilian superstition blend in this “clever, funny, heartbreaking, and heartwarming” novel (Publishers Weekly). Born with unruly red hair, a sharp tongue, and wine-colored marks all over her body—marks that oddly mimick a map of the world and make her subject to endless ridicule—Garnet Ferrari would hardly consider herself blessed. So when an emissary from the Vatican shows up at her door, convinced that her seeming ability to cure the skin ailments of others qualifies her for sainthood, she's not quite convinced—or pleased. Garnet sets off on a quest to better understand who she is and where she and her unusual gifts came from. Tracing a twisted path that leads from Sicily to West Virginia, poverty to riches, romance to loss, reality to mythology, Garnet uncovers a truth far more powerful than any dermatological miracle: that the things of which we are most ashamed often become our greatest strengths. “A cleareyed, touching fable of a girl learning the hard truths about herself and others.” —Kirkus Reviews

But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of

Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. “ The kind of book that's destined to be passed from friend to friend.”—PopSugar Two best friends say "I do" to living together, for better or worse, in this bold women's fiction novel from Alexa Martin. Jude Andrews is famous. Well, at least on Instagram. Her brand is clean eating, good vibes, Pilates, and casually looking like a sun-kissed goddess. In real life, however, she ’ s a total disaster. She has a strained relationship with her fame-hungry mom and her latest bad decision emptied out her entire savings account. Lauren Turner had a plan: graduate medical school and become the top surgeon in the country. But when she became unexpectedly pregnant, those plans

changed. And when her fiancé left her, they changed again. Now navigating the new world of coparenting, mom groups, and dating, she decides to launch a mommy podcast with all the advice she wishes someone had given her. Jude and Lauren don't have much in common, but maybe that's why they've been best friends since the third grade. Through ups and downs, they've been by each other's sides. But now? They ’ re broke, single, and do the only thing that makes sense—move in together, just like they talked about when they were teenagers. Except when they were younger, the plan didn't include a five-year-old daughter and more baggage than their new townhouse can hold.

The Other America One World

“ For a woman who thinks of herself as a New Yorker at this point, I buy a lot of clothes from companies named things like Shrimp & Grits. Why? Because identity is complicated.” Elizabeth Passarella is content with being complicated. She grew up in Memphis in a conservative, Republican family with a Christian mom and a Jewish dad. Then she moved to New York, fell in love with the city—and, eventually, her husband—and changed. Sort of. While her politics have tilted to the left, she still puts her faith first—and argues that the two can go hand in hand, for what it ’ s worth. In this sharp and slyly profound memoir, Elizabeth shares stories about everything from conceiving a baby in an unair-conditioned garage in Florida to finding a rat in her bedroom. She upends stereotypes about

Southerners, New Yorkers, and Christians, making a case that we are all flawed humans simply doing our best. Good Apple is a hilarious, welcome celebration of the absurdity, chaos, and strange sacredness of life that brings us all together, whether we have city lights or starry skies in our eyes. More importantly, it ' s about the God who pursues each of us, no matter our own inconsistencies or failures, and shows us the way back home.

Acevedo, National Book Award-winning author of the New York Times bestseller *The Poet X* Antonia Vega, the immigrant writer at the center of *Afterlife*, has had the rug pulled out from under her. She has just retired from the college where she taught English when her beloved husband, Sam, suddenly dies. And then more jolts: her bighearted but unstable sister disappears, and Antonia returns home one evening to find a pregnant, undocumented teenager on her doorstep. Antonia has always sought direction in the literature she

loves—lines from her favorite authors play in her head like a soundtrack—but now she finds that the world demands more of her than words. *Afterlife* is a compact, nimble, and sharply droll novel. Set in this political moment of tribalism and distrust, it asks: What do we owe those in crisis in our families, including—maybe especially—members of our human family? How do we live in a broken world without losing faith in one another or ourselves? And how do we stay true to those glorious souls we have lost?

A Long Walk to Water Simon and Schuster

Perfect for fans of *The One and Only Ivan*, this exquisite middle grade novel from Newbery Honoree and National Book Award finalist Kathi Appelt follows an old camel out to save two baby kestrel chicks during a massive storm in the Texas desert— filled with over a dozen illustrations by Caldecott winner Eric Rohmann. Zada is a camel with a treasure trove of stories to tell. She ' s won camel races for the royal Pasha of Smyrna, crossed treacherous oceans to new land, led army missions with her best camel friend by her side, and outsmarted a far too pompous mountain lion. But those stories were from before. Now, Zada wanders the desert as the last camel in Texas. But she ' s not alone. Two tiny kestrel chicks are nestled in the fluff of fur between her ears—kee-killy-keeing for their missing parents—and a dust storm the size of a mountain is taking Zada on one more grand

adventure. And it could lead to this achy old camel ' s most brilliant story yet.

I'll Take You There Grand Central Publishing

From Kiese Laymon, author of the critically acclaimed memoir *Heavy*, comes a “funny, astute, searching” (*The Wall Street Journal*) debut novel about Black teenagers that is a satirical exploration of celebrity, authorship, violence, religion, and coming of age in post-Katrina Mississippi. Written in a voice that’s alternately humorous, lacerating, and wise, *Long Division* features two interwoven stories. In the first, it’s 2013: after an on-stage meltdown during a nationally televised quiz contest, fourteen-year-old Citoyen “City” Coldson becomes an overnight YouTube celebrity. The next day, he’s sent to stay with his grandmother in the small coastal community of Melahatchie, where a young girl named Baize Shephard has recently disappeared. Before leaving, City is given a strange book without an author called *Long Division*. He learns that one of the book’s main characters is also named City Coldson—but *Long Division* is set in 1985. This 1985-version of *City*, along with his friend and love interest, Shalaya Crump, discovers a way to travel into the future, and steals a laptop and cellphone from an orphaned teenage rapper called...Baize Shephard. They ultimately take these items with them all the way back to 1964, to help another time-traveler they meet to protect his family from the Ku Klux Klan. City’s two stories ultimately converge in the work shed behind his grandmother’s house, where he discovers the key to Baize’s disappearance. Brilliantly “skewering the disingenuous masquerade of institutional racism” (*Publishers Weekly*), this dreamlike “smart, funny, and sharp” (*Jesmyn Ward*), novel

shows the work that young Black Americans must do, while living under the shadow of a history “ that they only gropingly understand and must try to fill in for themselves ” (The Wall Street Journal).
