Fundamentals of Corporate Finance helps students develop the intuition and analytical skills necessary to effectively apply financial tools in real-world decision-making situations. The authors provide a fully integrated framework for understanding how value creation relates to all aspects of corporate finance; whether it be evaluating an investment opportunity, determining the appropriate financing for a business, or managing working capital. This unique and integrated framework also provides robust coverage of problem solving and decision-making skills.
Solutions to Problems In Advanced Accounts Vol-2 Toronto. McGraw-Hill Ryerson

This cutting-edge financial casebook is divided into four modules: Structuring Projects, Valuing Projects, Managing Project Risk, and Financing Projects. The cases have been carefully selected to reflect actual use of project finance over the past five years in terms of geographic location (the cases come from 15 different countries) and industrial sectors. * Benjamin Esty, of the Harvard Business School, is one of the leading scholars in project finance. * Project finance is becoming the financing mechanism of choice for many private firms. * Cases require the reader to integrate knowledge from multiple disciplines when making a single managerial decision. This integration of functional areas such as strategy, operations, ethics, and human resource management encourages the reader to adopt a more integrative perspective and understanding of the interconnectedness of managerial decision-making.

Study Guide 1-18 Bloomsbury Publishing
Intermediate Accounting by Donald Kieso, Jerry Weygandt, and Terry Warfield has always been, and continues to be, the gold standard. Through significant updates, the 18th Edition presents a refreshed, accessible, and modern approach with new perspectives that help connect students to the what, the why, and the how of accounting information. In the intermediate accounting course, it can be difficult for students to understand the technical details and retain and recall core course topics. To move beyond basic understanding, students work through new integrated practice right at the point of learning and high-quality assessment at varying levels, helping them to learn concepts more efficiently and create connections between topics and real-world application. Throughout the course, students also work through various hands-on activities including Critical Thinking Cases, Excel Templates, and Analytics in Action problems, all within the chapter context. These applications help students develop an accounting decision-making mindset and improve the professional judgement and communication skills needed to be successful in the profession. With Intermediate Accounting, 18th Edition, you will be able to spark efficient and effective learning, help create the bridge to student success, and inspire and prepare students to be the accounting professionals of tomorrow.

The GAAP Financial Statement Disclosures Manual provides a complete, quick, and valuable reference source for financial statement disclosures and key presentation requirements. Specifically, the Manual: - Provides over 750 examples of realistic sample footnote disclosures to assist in the preparation of financial statements for an audit, a review, or a compilation engagement. - Facilitates compliance with U.S. GAAP by integrating, in each chapter, the specific disclosure and key presentation requirements with the sample footnotes. - Provides sample disclosures that are technically sound, understandable, and comprehensive and that cover a variety of scenarios, from the most common to the most unusual. - Incorporates all currently effective accounting standards, including those that cover areas of unusual difficulty, such as financial instruments, fair value, business combinations, consolidation, income taxes, pensions, accounting changes, and variable interest entities. This Manual is arranged into the following major parts, consistent with the Codification's broad structure: - Part 1 General Principles (Topic Codes 100s) - Part 2 Presentation (Topic Codes 200s) - Part 3 Assets (Topic Codes 300s) - Part 4 Liabilities (Topic Codes 400s) - Part 5 Equity (Topic Codes 500s) - Part 6 Revenue (Topic Codes 600s) - Part 7 Expenses (Topic Codes 700s) - Part 8 Broad Transactions (Topic Codes 800s) The Manual is designed for ease of use. Accordingly, each chapter is structured as a stand-alone chapter, providing you with all the information you'll need on a specific topic. Each chapter consists of the following parts: 1. Executive Summary. This summary provides a clear and concise discussion of the specific financial statement topic. 2. Authoritative Accounting Literature. This section provides reference to the relevant FASB ASC Topic. 3. Disclosure and Key Presentation Requirements. This section provides a detailed listing of (a) the disclosure requirements (FASB ASC Section 50) and (b) those key presentation requirements (FASB ASC Section 45) that are relevant to enhance compliance with and better understand the disclosure requirements. This section also provides specific references to the FASB ASC paragraphs that prescribe the specific disclosure or key presentation requirement. Some of the items included in this section do not refer to any specific authoritative literature. Nevertheless, the disclosure or presentation items they address are considered informative for users of the financial statements and usually are disclosed or presented. These disclosures or presentation items are generally accepted by accountants and auditors and, accordingly, are referenced as "Generally accepted practice" in this section. 4. Examples of Financial Statement Disclosures. This section contains specific examples of disclosures that cover different situations, circumstances, assumptions, and so on. Unless specifically indicated, the examples provided assume that the most recent financial statements presented are for the year ended December 31, 20X2. This edition of the Manual incorporates the financial statement disclosure requirements through FASB Accounting Standards Update No. 2022-02, Financial Instruments--Credit Losses (Topic 326): Troubled Debt Restructurings and Vintage Disclosures. Material can be located several ways: the Cross-Reference shows the chapter in which a particular pronouncement is discussed; the Index provides a quick page reference. Praise for Fourth Edition of Cost of Capital Workbook and Technical Supplement "Pratt and Grabowski went the extra mile to supplement their magnum opus by providing this Workbook and Technical Supplement. As a finance professor for many years, I know from experience that students and teachers really value supplements to textbooks. It allows the teacher to help the student to review and apply what was presented in the text, and the PowerPoints are a great service to teachers in course preparation. The website provides various worksheets that show the inner workings of the models. I enthusiastically recommend the Workbook and Technical Supplement to finance professors and teachers and their students. —Daniel L. McConaughy, PhD, ASA, Professor of Finance, California State University, Northridge, Valuation Services, Crowe Horwath LLP "The Workbook and Technical Supplement provides a detailed tutorial on understanding and executing the theoretical concepts explained in the Fourth Edition. This supplement is three books in one. Part One is a step-by-step tutorial on estimating certain key components of the cost of equity capital. Part Two provides a bridge between the theory and some practical applications, such as estimating the cost of capital for real property. Parts Three and Four allow the readers to test their comprehension of the concepts and identify areas for a review. It is almost as good as having Professors Pratt and Grabowski looking over your shoulder to ensure that one is both comprehending and correctly implementing the complex concepts.." —Ashok Abbott, PhD, Associate Professor of Finance, College of Business & Economics, West Virginia University "This text provides the most comprehensive coverage of cost of capital issues that I have seen to date. Messrs. Pratt and Grabowski have created a very accessible and lucid treatment of what most would consider an opaque subject. The Fourth Edition is especially important for its new topics as well as expanded coverage of concepts from earlier editions. Of particular interest is the review of the extreme market conditions during the 2008 – 2009 crisis and the effect that the unprecedented volatility had on traditional cost of capital models. For years, Pratt and Grabowski's research has informed the business valuation curriculum of the American Society of Appraisers. This book will be added to our reading list, and thousands of students worldwide will benefit from the state-of-the-art content of the Fourth Edition and the companion Workbook and Technical Supplement. Furthermore, Cost of Capital, Fourth Edition should be a mandatory part of every valuation practitioner's library. If you buy this book, you can expect it to become well worn and remain on your desk within arm's length until the publication of the Fifth Edition." —John Barton, ASA, CPA, Chairman, Business Valuation Committee, ASA "Cost of capital is so much more complex than it used to be. With so many additional considerations regarding each variable of the cost of capital formula, this book is a must for anyone that needs to

understand or develop a discount rate. Even the most experienced practitioner will benefit from the outstanding work of Pratt and Grabowski. This book has to become part of your library." —Gary R. Trugman, CPA/ABV, MCBA, ASA, MVS, President, Trugman Valuation Associates, Inc.
