Magical Urbanism National Academies Press

A much-needed and thought-provoking examination of a significant and growing population within the United States, *Latino/a Rights and Justice in the United States* explores the inequalities and injustices that Latino/a communities confront in the United States. Author José Luis Morín provides a deeper understanding of the historical and contemporary Latino/a experience of discrimination and economic and social injustice and presents insights into the elusiveness of equality and fairness for Latinos/as in the United States. Offering ideas on how to reduce bias and other inequities within the justice system and the greater society, Morín calls for alternative

approaches to working with Latino/a youths and families and a broadening of existing concepts of rights and justice in the United States. Drawing the link between the international and domestic dimensions of the Latino/a presence in the United States, Morín incorporates international human rights norms and principles of economic, social, and cultural rights to address the persistent inequalities and injustices that Latino/a communities confront in the United States. The second edition provides new and expanded coverage about racial and ethnic bias in law enforcement and the criminal justice system, citizenship rights, immigration and crime, Latinos/as and U.S. prisons, the contemporary street gang phenomenon, and Latinos/as in the post-9/11 era. Meticulous in presenting

---

facts and research, Latino/a Rights and Justice in the United States often challenges conventional ideas and popular myths about Latinos/as on these and other topics.

Latinos and Alcohol Use/Abuse Revisited Xulon Press

This volume--along with its companion Ethnolinguistic Chicago: Language and Literacy in the City's Neighborhoods--fills an important gap in research on Chicago and, more generally, on language use in globalized metropolitan areas. Often cited as a quintessential American city, Chicago is, and always has been, a city of immigrants. It is one of the most linguistically diverse cities in the United States and home to one of the largest and most diverse Latino communities. Although language is unquestionably central to social identity, and

Chicago has been well studied by scholars interested in ethnicity, until now no one has focused--as do the contributors to these volumes--on the related issues of language and ethnicity. Latino Language and Literacy in Ethnolinguistic Chicago includes: \*ethnographic studies based in home settings that focus on ways of speaking and literacy practices; \*studies that explore oral language use and literacy practices in school contexts; and \*studies based in community spaces in various neighborhoods. It offers a rich set of portraits emphasizing language use as centrally related to ethnic, class, or gender identities. As such, it is relevant for anthropologists, sociologists, linguists, historians, educators and educational researchers, and others whose concerns require an understanding of "ground-level" phenomena relevant to contemporary social issues, and as a text for

---

courses in these areas.

Hispanics and the U.S. Political System

NYU Press

A look at the Latino experience in the American South using data from Richmond, Virginia.

Inventing Latinos National Academies Press

Finally, she explores how news is produced in both print and broadcast media for the vast Latino population in the United States, using a cutting-edge blend of the quantitative and qualitative approaches in her research."--BOOK JACKET.

The New Americans John Wiley & Sons

Latinos are dramatically changing the demographic profile of the United States.

Developing a strong command of the Spanish language is not a realistic goal for most health care providers wishing to establish a rapport with their Latino patients. Yet growing numbers of health professionals are realizing the importance of understanding Latino culture in order to deliver the best possible care to this growing section of the population. *The Latino Patient: A Cultural Guide for Health Care Providers* provides an in-depth exploration of Latino diversity - relevant cultural values, beliefs, practices and effective communication strategies. The

---

author has developed an original, practice-oriented model that leads the health practitioner from greeting the patient to negotiating treatment. The book is hands-on with many illustrative examples gleaned from the author's experience and is essential reading for any and all primary care physicians, nurses, nurse practitioners, physician's assistants, therapists, clinical psychologists and social workers interested in providing the best service to this important minority.

Although largely ignored by historians of both baseball in general and the Negro leagues in particular, Latinos have been a significant presence in organized baseball from the beginning. In this benchmark study on Latinos and professional baseball from the 1880s to the present, Adrian

---

Burgos tells a compelling story of the men who negotiated the color line at every turn—passing as "Spanish" in the major leagues or seeking respect and acceptance in the Negro leagues. Burgos draws on archival materials from the U.S., Cuba, and Puerto Rico, as well as Spanish- and English-language publications and interviews with Negro league and major league players. He demonstrates how the manipulation of racial distinctions that allowed management to recruit and sign Latino players provided a template for Brooklyn Dodgers' general manager Branch Rickey when he initiated the dismantling of the color line by signing Jackie Robinson in 1947. Burgos's extensive examination of Latino participation before and after Robinson's debut documents the ways in which inclusion did not signify equality and shows how notions of racialized difference have persisted for darker-skinned Latinos like Orestes ("Minnie") Miñoso, Roberto Clemente, and Sammy Sosa.

**Hispanics and the Future of America** Univ of California Press

"Davila has entered the back rooms of a new and important sector of the advertising industry, shedding light on the people and businesses that are working to exploit the marketing hot buttons of Hispanic USA. Latinos, Inc. could become a scholarly milestone, a vivid portrayal of the strange marriage between cultural anthropology and

---

merchandising strategies that forms an elemental ingredient of U.S. consumer society."—Stuart Ewen, author of *PR! A Social History of Spin* "A work derived from prodigious fieldwork that sets a standard for the ethnography of cultural institutions in their varied corporate forms and market participations. *Latinos Inc.* provides a rich, fascinating, and fresh empirical venue for theories of identity and ethnicity in the U.S."—George Marcus, author of *Ethnography Through Thick & Thin* "An insightful and compelling account of Hispanic marketing and television as it becomes a significant force in U.S. corporate media. In its rigorous attention to the culture of marketing, *Latinos Inc.* fills a significant void within the literature on mass communications, marketing, and television studies."—Chon A. Noriega, author of *Shot in America: Television, the State, and the Rise of Chicano Cinema* "Davila is the first to show us the world of Latin media through the eyes of advertising and programming professionals; the first to comprehend how Spanish language network television has reconfigured Latino identity; and the first to fully delineate the plurality and heterogeneity of Latino audiences. She enables us to understand the formative role played by advertising and commercial culture in shaping the contours of contemporary Latino/a identities.

Latinos, Inc. sets a new standard for scholarship in ethnic studies and cultural studies."—George Lipsitz, author of *The Possessive Investment in Whiteness : How White People Profit from Identity Politics*

**The Latino Patient** Berrett-Koehler Publishers

This Handbook provides a comprehensive, state-of-the-art overview of theoretical and descriptive research in contemporary Hispanic sociolinguistics. Offers the first authoritative collection exploring research strands in the emerging and fast-moving field of Spanish sociolinguistics Highlights the contributions that Spanish Sociolinguistics has offered to

general linguistic theory Brings together a team of the top researchers in the field to present the very latest perspectives and discussions of key issues Covers a wealth of topics including: variationist approaches, Spanish and its importance in the U.S., language planning, and other topics focused on the social aspects of Spanish Includes several varieties of Spanish, reflecting the rich diversity of dialects spoken in the Americas and Spain  
Routledge

"Adrian Burgos is one of best young historians currently working the baseball beat. This is essential reading, not just for baseball

---

aficionados, but anyone interested in the history of American race and ethnic relations."—Jules Tygiel, author of Extra Bases: Reflections on Jackie Robinson, Race, and Baseball History "Playing America's Game is a terrific addition to the growing literature in Latino history. It is the most comprehensive and nuanced treatment of Latinos and professional baseball."—Vicki L. Ruiz, author of From Out of the Shadows: Mexican Women in Twentieth-Century America Handbook of Crime Prevention

and Community Safety McDougal Littell/Houghton Mifflin  
This volume provides a superb introduction to the philosophical, social, and political elements of Hispanic/Latino identity. It is an indispensable tool for anyone interested in issues that concern Hispanics/Latinos, social policy, and the history of thought and culture.  
**Americanizing Latino Politics, Latinoizing American Politics**  
Rowman & Littlefield  
Looking like a Language, Sounding like a Race examines the emergence of linguistic and ethnoracial categories in the

---

context of Latinidad. The book draws from more than twenty-four months of ethnographic and sociolinguistic fieldwork in a Chicago public school, whose student body is more than 90% Mexican and Puerto Rican, to analyze the racialization of language and its relationship to issues of power and national identity. It focuses specifically on youth socialization to U.S. Latinidad as a contemporary site of political anxiety, raciolinguistic transformation, and urban inequity. Jonathan Rosa's account studies the fashioning of Latinidad in Chicago's highly segregated Near Northwest Side; he links public discourse concerning the rising prominence of U.S. Latinidad to the institutional management and experience of raciolinguistic identities there. Anxieties surrounding Latinx identities push administrators to transform "at risk" Mexican and Puerto Rican students into "young Latino professionals." This institutional effort, which requires students to learn to be and, importantly, sound like themselves in highly studied ways, reveals administrators' attempts to navigate a precarious urban terrain in a

---

city grappling with some of the nation's highest youth homicide, dropout, and teen pregnancy rates. Rosa explores the ingenuity of his research participants' responses to these forms of marginalization through the contestation of political, ethnoracial, and linguistic borders.

*Moving the Mountain* Univ of California Press

Providing a comprehensive review of rigorous, innovative, and critical scholarship relevant to educational issues which impact Latinos, this Handbook captures the field at this point in time. Its unique

purpose and function is to profile the scope and terrain of academic inquiry on Latinos and education. Presenting the most significant and potentially influential work in the field in terms of its contributions to research, to professional practice, and to the emergence of related interdisciplinary studies and theory, the volume is organized around five themes: history, theory, and methodology policies and politics language and culture teaching and learning resources and information. The Handbook of Latinos and Education is a must-have resource for educational

---

researchers, graduate students, teacher educators, and the broad spectrum of individuals, groups, agencies, organizations and institutions sharing a common interest in and commitment to the educational issues that impact Latinos.

Making Latino News Feminist Press at CUNY

Hispanics and the Future of America presents details of the complex story of a population that varies in many dimensions, including national origin, immigration status, and generation. The papers in this volume draw on a wide variety of data sources to describe the contours of this population, from

the perspectives of history, demography, geography, education, family, employment, economic well-being, health, and political engagement. They provide a rich source of information for researchers, policy makers, and others who want to better understand the fast-growing and diverse population that we call "Hispanic." The current period is a critical one for getting a better understanding of how Hispanics are being shaped by the U.S. experience. This will, in turn, affect the United States and the contours of the Hispanic future remain uncertain. The uncertainties include such issues as whether Hispanics, especially immigrants, improve their educational

---

attainment and fluency in English and thereby improve their economic position; whether growing numbers of foreign-born Hispanics become citizens and achieve empowerment at the ballot box and through elected office; whether impending health problems are successfully averted; and whether Hispanics' geographic dispersal accelerates their spatial and social integration. The papers in this volume provide invaluable information to explore these issues.

### The Power of Latino Leadership

Cengage Learning

As the Hispanic population in the U.S. grows, so too does its influence. The general election in 2000 marked an era of

increased influence and awareness by Hispanics in politics both as voters and politicians. While it is clear that Latinos are influencing and changing politics, the impact on politics in the U.S. is still not clear. Authored by leading scholar, F. Chris Garcia and Gabriel Sanchez, *Hispanics and the U.S. Political System : Moving into the Mainstream* focuses on the historical, contemporary and future role of Hispanics in the United States.

### **Latino Americans** IAP

Illegal immigrant, tax

---

burden, job stealer. Patriot, family oriented, hard worker, model consumer. Ever since Latinos became the largest minority in the U.S. they have been caught between these wildly contrasting characterizations leaving us to wonder: Are Latinos friend or foe? Latino Spin cuts through the spin about Latinos' supposed values, political attitudes, and impact on U.S. national identity to ask what these caricatures suggest about Latinos' shifting place in the popular and political imaginary. Noted scholar Arlene Dávila illustrates the growing consensus among pundits, advocates, and scholars that Latinos are not a social liability, that they are moving up and contributing, and that, in fact, they are more American than "the Americans." But what is at stake in such a sanitized and marketable representation of Latinidad? Dávila follows the spin through the realm of politics, think tanks, Latino museums, and urban planning to uncover whether they effectively challenge the growing fear over Latinos' supposedly dreadful effect on the "integrity" of U.S. national identity. What may be some of the intended or unintended consequences of these more marketable representations in regard to current debates over immigration? With particular attention to what these representations reveal about the place and role of Latinos in the contemporary politics of race,

---

Latino Spin highlights the realities they skew and the polarization they effect between Latinos and other minorities, and among Latinos themselves along the lines of citizenship and class. Finally, by considering Latinos in all their diversity, including their increasing financial and geographic disparities, Dávila can present alternative and more empowering representations of Latinidad to help attain true political equity and intraracial coalitions.

**Harvest of Empire** Penguin  
The New Latino Studies Reader is designed as a contemporary, updated, multifaceted collection of

writings that bring to force the exciting, necessary scholarship of the last decades. Its aim is to introduce a new generation of students to a wide-ranging set of essays that helps them gain a truer understanding of what it's like to be a Latino in the United States. With the reader, students explore the sociohistorical formation of Latinos as a distinct panethnic group in the United States, delving into issues of class formation; social stratification; racial, gender, and sexual identities;

---

and politics and cultural production. And while other readers now in print may discuss Mexican Americans, Puerto Ricans, Cubans and Central Americans as distinct groups with unique experiences, this text explores both the commonalities and the differences that structure the experiences of Latino Americans. Timely, thorough, and thought-provoking, The New Latino Studies Reader provides a genuine view of the Latino experience as a whole.
