Part II. The Conceiving Phase/Ennead has ten chapters—5 through 14: Chapter 5: The Theme of the First Phase/Ennead (1-9 'A' -'T.' ) as the objectification of a circumscribed area of undifferentiated energy/matter, wherein the world will be manifested. It consists of the establishment of order and the co-factors of life-forms as the foundation for the world. Phase One consists basically of three consecutive groups. Attorney General Opinion Holt McDougal This book provides a foundation and framework to enhance your understanding of the various processes involved in academic writing. The term, academic writing, here refers to the types of writing used in college level writing courses at both the undergraduate and graduate level. However, this book was not written simply to help you pass another English class or to get you through the next writing intensive course (although it will certainly do that). At some point you will be out in the real world (hopefully). Thus, the purpose of this book is to

enable you to be an effective writer and thinker in all contexts including your personal and professional lives. The conversations range from friendly to outright hostility. Along the way, the reader experiences a sociological and historiographic framework enveloped in a science fiction tale. this explores the healthy and dysfunctional aspects of multiple societies of this dynamic imaginary planet. As he progresses, Peter's "investigation" makes him uneasy about his relationship with this group hiding in the fringes of this planet. Will he make it to the end in this truly unique story?
