copies over the past
eight editions because

March, 19 2025

it's a book that students enjoy reading. Effective storytelling, colorful anecdotes, and biographical sketches make the narrative absorbing and the material more memorable. The Ninth Edition includes refreshed and updated coverage of African American history and has been streamlined from 37 to 34 chapters. American History W. W. Norton "American acquisition of the Philippines in 1898 became a focal point for debate on American

imperialism and the course the country was to take now that the Western frontier had been conquered. U.S. military leaders in Manila, unequipped to understand the aspirations of the native revolutionary movement, failed to respond to Filipino overtures of accommodation and provoked a war with the revolutionary army. Back home, an impressive opposition to the war developed on largely ideological grounds, but in the end it was the interminable and increasingly bloody guerrilla warfare that disillusioned America in its imperialistic

venture. This book presents a searching exploration of the history of America's reactions to Asian people, politics, and wars of independence." -- Book Jacket
The Rough Riders McGraw-Hill Humanities, Social Sciences & World Languages
The #1 New York Times bestseller! This chapter book edition of the #1 New York Times bestseller by luminaries Ibram X. Kendi and Jason Reynolds is an essential introduction to the history of racism and antiracism in America RACE. Uh-oh. The R-word. But actually talking about

race is one of the most important things to learn how to do.

Adapted from the groundbreaking bestseller *Stamped: Racism, Antiracism, and You*, this book takes readers on a journey from present to past and back again. Kids will discover where racist ideas came from, identify how they impact America today, and meet those who have fought racism with antiracism. Along the way, they'll learn how to identify and stamp out racist thoughts in their own lives. Ibram X. Kendi's research, Jason Reynolds's and Sonja Cherry-Paul's writing, and Rachelle

Baker's art come together in this vital read, enhanced with a glossary, timeline, and more.

The Influence of Sea Power Upon History, 1660-1783

Our Country's Possible Future and Its Present Crisis
The American Pageant
Today, war is more complicated than it has ever been. When considering military strategy, a commander must be aware of several theaters of war. There's ground strength, air power, naval combat and even cyber warfare. In the late 19th century, however,

the true military might of a nation rested primarily on the strength of its navy. In 1890, United States Navy Captain Alfred Thayer Mahan published a book titled "The Influence of Sea Power Upon History." The monumental text addressed the importance of both military and commercial fleets in the success of a nation in war and peacetime. Mahan begins with a discussion of the elements he considers to be the key to a nation's success on the seas. He theorizes that a ground force could not

sustain the pressure of a naval blockade. Mahan then applies his principles to wars of the past. He analyzes the use of a navy in various engagements and considers the resulting influence on the outcome of the wars. The book was readily accepted by commanders and tacticians all over the world and his principles and theories were utilized throughout the 20th century. His arguments, along with technological advances, were influential in the strengthening of the United States Navy.

Presently, Mahan's work is considered the most important work on naval strategy in history. Theodore Roosevelt & Henry Cabot Lodge Courier Corporation "In The Unfinished Nation, Alan Brinkley provides a clear and intelligent account of the American past that strikes a balance between the new diversity in scholarship and the narrative unity that any general history must have. He makes clear that one can incorporate the rich and varied experiences of America's many cultures into a coherent and compelling story and at the same time retain a

sense of what ties Americans together as members of a perpetually troubled but remarkably successful nation"--Description from amazon.com.
Notes on the State of Virginia HarperCollins
DIV Influential classic of naval history and tactics still used as text in war colleges. Read by Kaiser Wilhelm, both Roosevelts, other leaders. First paperback edition. 4 maps. 24 battle plans. /div

Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time. [Address of President Roosevelt at Chicago, Illinois, April 2 1903](#) Research & Education Assoc. TO E. Y. R. To you we owe the

suggestion of writing this book. Its purpose, as you know better than any one else, is to tell in simple fashion the story of some Americans who showed that they knew how to live and how to die; who proved their truth by their endeavor; and who joined to the stern and manly qualities which are essential to the well-being of a masterful race the virtues of gentleness, of patriotism, and of lofty adherence to an ideal. It is a good thing for all Americans, and it is an especially good thing for young Americans, to remember the men who have given their lives in war and peace to the service of their fellow-countrymen, and to keep in mind the feats of daring and personal prowess done in time

past by some of the many champions of the nation in the various crises of her history. Thrift, industry, obedience to law, and intellectual cultivation are essential qualities in the makeup of any successful people; but no people can be really great unless they possess also the heroic virtues which are as needful in time of peace as in time of war, and as important in civil as in military life. As a civilized people we desire peace, but the only peace worth having is obtained by instant readiness to fight when wronged—not by unwillingness or inability to fight at all. Intelligent foresight in preparation and known capacity to stand well in battle are the surest safeguards against war.

America will cease to be a great nation whenever her young men cease to possess energy, daring, and endurance, as well as the wish and the power to fight the nation's foes. No citizen of a free state should wrong any man; but it is not enough merely to refrain from infringing on the rights of others; he must also be able and willing to stand up for his own rights and those of his country against all comers, and he must be ready at any time to do his full share in resisting either malice domestic or foreign levy. HENRY CABOT LODGE. THEODORE ROOSEVELT. WASHINGTON, April 19, 1895. The Impending Crisis of the South Houghton Mifflin College

Division
“ My favorite historical novel . . . a superb re-creation of the Battle of Gettysburg, but its real importance is its insight into what the war was about, and what it meant. ” —James M. McPherson
In the four most bloody and courageous days of our nation's history, two armies fought for two conflicting dreams. One dreamed of freedom, the other of a way of life. Far more than rifles and bullets were carried into battle. There were memories. There were promises. There was love. And far more than men fell on those Pennsylvania fields. Bright futures, untested innocence, and pristine beauty were also the casualties of war. Michael

Shaara's Pulitzer Prize – winning masterpiece is unique, sweeping, unforgettable—the dramatic story of the battleground for America's destiny.

#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader ' s Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had

carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with

ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los

Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award
“ Extraordinarily moving . . . a powerfully drawn survival epic. ” —The Wall Street Journal “ [A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring. ” —New York
“ Staggering . . . mesmerizing . . . Hillenbrand ’ s writing is so ferociously cinematic, the events she describes so

incredible, you don't dare take your eyes off the page." —People "A meticulous, soaring and beautifully written account of an extraordinary life." —The Washington Post "Ambitious and powerful . . . a startling narrative and an inspirational book." —The New York Times Book Review "Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary

News "An astonishing testament to the superhuman power of tenacity." —Entertainment Weekly "A tale of triumph and redemption . . . astonishingly detailed." —O: The Oprah Magazine "[A] masterfully told true story . . . nothing less than a marvel." —Washingtonian "[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter's pace." —Time "Hillenbrand [is] one of our best writers of narrative history. You don't

history buff to devour this book—you just have to love great storytelling." —Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks* *The Unfinished Nation* W. W. Norton & Company "Linking America's past to the lives of kids today, Howard Egger-Bovet's latest American history production illustrates the power of Feudalism, the Articles of Confederation, the Magna Carta, and the Constitution. These DVDs include original and historical music, puppetry, and

cinematography, and sends kids on an interactive walk through history."--Container.

Random House Trade Paperbacks

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself,"

Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and

conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-

reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War

and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

AP® European History Crash Course, 2nd Ed., Book + Online Public Affairs

This book is an examination of national identity in a crucial period. The United States first announced its power on the international scene at the Centennial Exhibition in 1876 and first demonstrated that power during World War I. The years in between were a period of dramatic change, when the dynamics of industrialization rapidly accelerated the rate at which Americans were coming in contact with foreign peoples, both at home and abroad. In this work,

the author shows how American conceptions of peoplehood, citizenship, and national identity were transformed in these crucial years by escalating economic and military involvements abroad and by the massive influx of immigrants at home. Drawing upon a diverse range of sources, not only traditional political documents, but also novels, travelogues, academic treatises, and art, he demonstrates the close relationship between immigration and expansionism. By bridging these two areas, so often left separate, he rethinks the texture of American political life in a keenly argued and persuasive history. This book shows how these years set the stage for today's attitudes

and ideas about "Americanism" and about immigrants and foreign policy, from Border Watch to the Gulf War.

Slavery and Struggle in Civil War America Harper Collins
Published by OpenStax
College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the

American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).
