The second book in Suzanne Collins's phenomenal and worldwide bestselling Hunger Games trilogy.

*Ending Hunger in Our Lifetime* Seeds of America

Governments, nongovernmental organizations, donors, and the private sector have increasingly embraced value-chain development (VCD) for stimulating economic growth and combating rural poverty. Innovation for Inclusive Value-Chain Development: Successes and Challenges helps to fill the current gap in systematic knowledge about how well VCD has

performed, related trade-offs or undesired effects, and which combinations of VCD elements are most likely to reduce poverty and deliver on overall development goals. This book uses case studies to examine a range of VCD experiences. Approaching the subject from various angles, it looks at new linkages to markets and the role of farmer organizations and contract farming in raising productivity and access to markets, the minimum assets requirement to participate in VCD, the role of multi-stakeholder platforms in VCD, and how to measure and identify successful VCD interventions. The book also explores the challenges livestock-dependent people face; how urbanization and advancing technologies affect linkages; ways to increase gender inclusion and economic growth; and the different roles various types of platforms play in VCD.

growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

A shapeshifter hero battles ancient spirits, a covert government agency, and his own dark past in a race to solve a murder that could mean the end of the world. Cree and Ojibwe legends mix with current day environmental conflict in this fast-paced urban fantasy that keeps you on the edge of your seat right up to its explosive conclusion. With an introduction by Charles de Lint. *The Heroka* walk among us. Unseen, unknown. Shapeshifters. Human in appearance but with power over their animal totems. Gwyn Blaid is a Heroka of the wolf totem. Once he led his people in a deadly war against the Tainchel, the shadowy agency that hunts his kind. Now he lives alone in his wilderness home, wolves his only companions. But when an Ojibwe girl is brutally killed in Gwyn’s old hometown, suspicion falls on his former lover. To save her, Gwyn must return, to battle not only the Tainchel, but even darker forces: ancient spirits fighting to enter our world... And rule it. “An immersive and enjoyable reading

---

experience. Readers will delight in learning more about Native American mythology, which is skillfully woven throughout the story. Smith's novel is both well paced and deftly plotted—leaving readers curious about what comes next for the Heroka in the modern world.” — Publishers Weekly “What makes *THE WOLF AT THE END OF THE WORLD* such an engrossing read are the characters and Doug's wonderful prose, a perfect blend between matter-of-fact and lyricism. I can't remember the last time I read a book that spoke to me, so eloquently, and so deeply, on so many levels. ... I'll be rereading it in the future because it's that sort of book. Richly layered and deeply resonant. An old friend, from the first time you read it.” — Charles de Lint, World Fantasy Award winner

As long as there is life, there is hope After Mama is taken away by the Nazis, Riva and her younger brothers cling to their mother's brave words to help them endure life in the Lodz ghetto. Then the family is rounded up, deported to Auschwitz, and separated. Now Riva is alone. At Auschwitz, and later in the work camps at Mittelsteine and Grafenort, Riva vows to live, and to hope - for Mama, for her brothers, for the millions of other victims of the nightmare of the Holocaust. And through determination and courage, and unexpected small acts of kindness, she does live - to write the unforgettable memoir that is a testament to the strength of the human spirit.

**The Wolf at the End of the World** Jason Aronson

In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life.

After severely injuring Peter Driscall in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

Catching Fire (Hunger Games, Book Two) The Hunger Games Catching Fire (Hunger Games, Book Two)

This is the first volume to offer a critical overview of the long and complicated history of translations of Virgil from the early modern period to the present day, transcending traditional studies of single translations or particular national traditions in isolation to offer an insightful comparative perspective. The twenty-nine essays in the collection cover numerous European languages - from English, French, and German, to Greek, Irish, Italian, Norwegian, Slovenian, and Spanish - but also look well beyond Europe to include discussion of Brazilian, Chinese, Esperanto, Russian, and Turkish translations of Virgil. While the opening two contributions lay down a broad theoretical and comparative framework, the

majority conduct comparisons within a particular language and combine detailed case studies with in-depth contextualization and theoretical background, showing how the translations discussed are embedded in their own cultures and historical moments. The final two essays are written from the perspective of contemporary translators, closing out the volume with a profound assessment not only of the influence exerted by the major Roman poet on later literature, but also why translation of a canonical author such as Virgil matters, not only as a national and transnational cultural phenomenon, but as a personal engagement with a literature of enduring power and relevance.

Mockingjay (Hunger Games, Book Three) Scholastic Inc.

"Tanna Debe Eliyyahu" is a midrashic work thought to have been composed between the third and the tenth centuries. Unlike all the other midrashim, it does not consist of a compilation of individual homilies but is a unified work shaped with a character of its own. This Midrash is distinguished by its didactic and moral aims. The author deals with the divine precepts and the reasons for them, and the importance and knowledge of Torah, prayer, and repentance. He is especially concerned with the ethical and religious values that are enshrined in the lives of the patriarchs. In the eye of many students and scholars, it is unique, a masterpiece of Jewish thought.

**A Comprehensive Analysis** Kensington Cozies

At a time in history when conflict erupts daily in far-flung corners of the world, ending severe deprivation may be critical to global peace and stability. Yet we are far from reaching the goal of reducing hunger by 2025. The authors of this book bring good news: hunger can be banished in our lifetime. They first distill what is already known about fighting hunger and then report on important new research findings and projections that show it can be done,

through new and renewed institutions, scientific innovation, global economics and investment, and sustainable environmental practices.

Although the book encompasses a wide array of ideas, arguments, facts, and figures, it is not a dry, academic text. Anyone wanting a better understanding of poverty and hunger and how to end it will benefit from reading it.

*Ashes* Tor Books

Ambition will fuel him. Competition will drive him. But power has its price. It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to

celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Provides an overview of what families around the world eat by featuring portraits of thirty families from twenty-four countries with a week's supply of food.

**The Path of Daggers** Elsevier Health Sciences

This book discusses a particular aspect of brain function, that of storage and retrieval of memory of past experience, in terms of neuronal plasticity. In discussing this aspect of brain functions, however, it discusses brain mechanisms in their wider sense as well. Clearly, the central nervous system is a highly interconnected system from all points of view, and it would not be possible to understand function in terms of only a single event or only a single neurotransmitter. This is true for any biochemical activity that accompanies neuronal functional activity and accompanies behavior. The authors have commendably recognized this complexity,

---

and recognize still more the need to present information in a compact and uniform manner in spite of the tremendous expansion of our knowledge in recent years. It is a somewhat easier task to gather a set of authors and record their results for a multiauthor symposium, but it is a most admirable endeavor for two authors to summarize a field that encompasses subjects such as transmission barriers, lipids, proteins, energy, hormones, to name a few that this book covers so well in a compact manner, and in such depth as well. Metabolism and function cannot really be understood without understanding structural factors, changes in membrane properties, and changes in metabolism.
