Legends say that long ago a
mystical order of men and women
walked the earth. They were
known as the Seers. Stories claim
that they saw the invisible, knew
the unknowable, and performed
impossible feats of power. They

wandered the earth as champions
for the oppressed and heralds of
days to come. Seers were cloaked in
mystery and suspicion, but when
they spoke, the wise listened. Elijah
is a Seer, widely considered to be
the greatest of their order. He is
called to confront the powerful
King Ahab with five simple words,
“ There will be no rain. ” The Seer
narrates the dangerous, exciting and
God-given journey of the prophet
Elijah in an entertaining and
engaging way. This young adult
adventure brings the ancient story
to life and shows that when gods
battle for the future of mankind,
one person can change everything.

Comprehensive Guide to the Insolvency Professional Examination John Wiley & Sons Between 1867 and 2000, the Canadian government sent over 150,000 Aboriginal children to residential schools across the country. Government officials and missionaries agreed that in order to “civilize and Christianize” Aboriginal children, it was necessary to separate them from their parents and their home communities. For children, life in these schools was lonely and alien. Discipline was harsh, and daily life was highly regimented. Aboriginal languages and cultures were denigrated and suppressed. Education and technical training too often gave way to the drudgery

of doing the chores necessary to make the schools self-sustaining. Child neglect was institutionalized, and the lack of supervision created situations where students were prey to sexual and physical abusers. Legal action by the schools’ former students led to the creation of the Truth and Reconciliation Commission of Canada in 2008. The product of over six years of research, the Commission’s final report outlines the history and legacy of the schools, and charts a pathway towards reconciliation. Canada’s Residential Schools: Missing Children and Unmarked Burials is the first systematic effort to record and analyze deaths at the schools, and the presence and condition of student cemeteries,

within the regulatory context in which the schools were intended to operate. As part of its work the Truth and Reconciliation Commission of Canada established a National Residential School Student Death Register. Due to gaps in the available data, the register is far from complete. Although the actual number of deaths is believed to be far higher, 3,200 residential school victims have been identified. The analysis also demonstrates that residential school death rates were significantly higher than those for the general Canadian school-aged population. The failure to establish and enforce adequate standards of care, coupled with the failure to adequately fund the schools, resulted in unnecessarily high death

rates at residential schools. Senior government and church officials were well aware of the schools' ongoing failure to provide adequate levels of custodial care. Children who died at the schools were rarely sent back to their home community. They were usually buried in school or nearby mission cemeteries. As the schools and missions closed, these cemeteries were abandoned. While in a number of instances Aboriginal communities, churches, and former staff have taken steps to rehabilitate cemeteries and commemorate the individuals buried there, most of these cemeteries are now disused and vulnerable to accidental disturbance. In the face of this abandonment, the TRC is

proposing the development of a national strategy for the documentation, maintenance, commemoration, and protection of residential school cemeteries.

look at the many different

types of users and cultures that
comprise the popular social

Though it does not receive
nearly as much attention as
other social media such as
Twitter or Facebook, Tumblr
and its users have been hugely
influential in creating and
shifting popular culture,
especially progressive youth
culture, with the New York
Times referring to 2014 as the
dawning of the “ age of

those unfamiliar with the
platform as well as those who
grew up on it, this volume

contains essays and artwork that span many different topics: fandom; platform structure and design; race, gender and sexuality, including queer and trans identities; aesthetics; disability and mental health; and social media privacy and ethics. An entire generation of young people that is now beginning to influence mass culture and politics came of age on Tumblr, and this volume is an indispensable guide to the many ways this platform works.

In 1820, a young farm boy in search of truth has a vision of God the Father and Jesus Christ. Three years later, an angel guides him to an ancient record buried in a hill near his home. With God ’ s help, he translates the record and organizes the Savior ’ s church in the latter days. Soon others join him, accepting the invitation to become Saints through the Atonement of Jesus Christ. But opposition and violence follow those who defy old traditions to embrace restored truths. The

women and men who join the church must choose whether or not they will stay true to their covenants, establish Zion, and proclaim the gospel to a troubled world. *The Standard of Truth* is the first book in *Saints*, a new, four-volume narrative history of The Church of Jesus Christ of Latter-day Saints. Fast-paced, meticulously researched, *Saints* recounts true stories of Latter-day Saints across the globe and answers the Lord ’ s call to write history “ for the good of the church, and for the rising generations ” (Doctrine and Covenants 69:8). *The Final Report of the Truth and Reconciliation Commission of Canada, Volume 4* Everyman's Library

Customary International Humanitarian Law, Volume I: Rules is a comprehensive analysis of the customary rules of international humanitarian law applicable in international and non-international armed conflicts. In the absence of ratifications of important treaties in this area, this is clearly a publication of major importance, carried out at the express request of the international community. In so doing, this study identifies the common core of international humanitarian law binding on all parties to all armed conflicts.
