Online Resources. Assessment Primer:
Analyzing the Community, Identifying
Problems and Setting Goals is provided by the
Community Anti-Drug Coalitions of America
and the National Community Anti-Drug
Coalition Institute. This helpful primer is
designed to provide clear guidelines for anti-
drug coalitions in defining their communities
and assessing the real needs within them.

Chapter 5 Transformation and Weighting to
Correct Model Inadequacies The graphical
methods help in detecting the violation of
basic assumptions in regression analysis.

Now we consider the methods and
procedures for building the models through
data transformation when some of the
assumptions are violated.
