A Room of One's Own is an essay written by Virginia Woolf. It was published in 1929 and is based on two lectures given by the author in 1928 at two colleges for women at Cambridge. In this famous essay, Woolf addressed the status of women, and women artists in particular. In this essay, the author also asserts that a woman must have money and a room of her own if she is to write. According to Woolf, women's creativity has been curtailed due to centuries of prejudice and financial and educational disadvantages. To emphasize her view, she offers the example of an imaginary gifted but uneducated sister of William Shakespeare, who, discouraged from all eventually kills herself. Woolf celebrates the work of women who have overcome that tradition and become writers, including Jane Austen, George Eliot, and the Brontë sisters, Anne, Charlotte, and Emily. In the final section Woolf suggests that great minds are neutral and argues that intellectual freedom requires financial freedom. The author entreats her audience to write not only fiction but poetry, criticism, and scholarly works as well.

Prog Asmnt Hss Holt McDougal Teaching literature unit based on the popular children's story, Hundred dresses.

Holt McDougal Geography John Catt The writer of the Book of Hebrews takes everything the Jew of his day held dear and compares it to Christ. Needless to say, it is all found shamefully wanting. The thing that was perhaps the dearest to these Hebrews was the Old Testament priesthood, which included the Temple, its sacrifices, and the priests in all their glory. The writer of Hebrews shows Christ to be a better Priest, His sacrifice to be supreme, and the place where He renders His services to be the greatest. He shows the Priesthood ministry of Jesus to be flawless and a perfect alternative to a worn-out system that could never meet the needs of mankind. You will find The Perfect Priest refreshing and enlightening as well as inspiring.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and

admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing.

Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read. *The Great Gatsby* Cambridge University Press
