AlgebraPrealgebra"Prealgebra is designed to meet scope and sequence requirements for a one-semester prealgebra course. The text introduces the fundamental concepts of algebra while addressing the needs of students with diverse

backgrounds and learning styles. Each topic builds upon previously developed material to demonstrate the cohesiveness and structure of mathematics. Prealgebra follows a nontraditional approach in its presentation of content. The beginning, in particular, is presented as a sequence of small steps so that students gain confidence in their ability to succeed in the course. The order of topics was carefully planned to emphasize the logical progression throughout the course and to facilitate a thorough understanding of each concept. As new ideas are presented, they are explicitly related to previous topics."--BC Campus website.Prealgebra 2eHow to Prepare for the TOEFL TestTest of English as a Foreign Language Provides sample questions and answers, recommended readings, maps, and activities.

Sick Not Sick is designed to help EMS personnel develop rapid patient assessment skills. The program distills years of field experience into a workable formula that both inexperienced and experienced providers can use in the field. It teaches EMS personnel how to quickly collect information and discriminate the important from the unimportant to offer immediate initial care based upon his or her observations. After all, in EMS it comes down to whether the patient is sick or not sick. This book is part of the EMS Continuing Education Series. As an EMS provider, you know that your education does not stop when you finish your initial training. The things you learn in the field and in continuing education classes give you the extra skills and knowledge to make you the best provider you can be. The EMS Continuing Education Series was created to help you take that extra step toward not just being a great provider, but an outstanding one. Managing Stress in Emergency Medical Services is also part of this series.

Prepare for your CPAN® or CAPA® exam with the only question-based review of perianesthesia nursing! Certification Review for Perianesthesia Nursing, 4th Edition is written by the American Society of PeriAnesthesia Nurses (ASPN) — the leading organization for perianesthesia nursing education, research, and practice standards. A total of more than 650 multiple-choice review questions includes case study and clinical application questions, answers, detailed rationales, references to current literature, and an interactive online Review Tool that includes 175 additional questions to use for practice! Edited by Theresa Clifford and Denise O'Brien, this ASPAN review is the most effective way to prepare for your certification exam in hospital postanesthesia or ambulatory perianesthesia nursing. Exam-based organization of questions mirrors that of the CPAN and CAPA exams, covering the four core subject areas: physiological, cognitive/behavioral, safety, and patient advocacy. Case study and clinical application questions reflect the style of the questions on the actual certification exams, allowing you to prepare for these types of questions and practice clinical reasoning.

Detailed rationales for each question help you understand why certain answer options are better than others. References for each question show where to find and verify the latest standards of practice.

Essential perianesthesia nursing concepts are identified and tied to the corresponding chapter in the Core Curriculum. NEW! More than 650 brand-new review questions include answers and rationales, and reflect current evidence and standards of practice, so you can prepare effectively for the newest exam and deliver the best possible nursing care for patients who undergo sedation, analgesia, and anesthesia. NEW! An additional 175 review questions in the online Review Tool offer practice with timed test taking. UPDATED review content is organized to match the content of ASPAN's PeriAnesthesia Nursing Core Curriculum and incorporates the test blueprints of ABPANC (the American Board of Perianesthesia Nursing Certification).
