

## Chapter 7 Central Nervous System Answers

Thank you certainly much for downloading **Chapter 7 Central Nervous System Answers**. Most likely you have knowledge that, people have seen numerous times for their favorite books with this Chapter 7 Central Nervous System Answers, but stop taking place in harmful downloads.

Rather than enjoying a good ebook similar to a mug of coffee in the afternoon, otherwise they juggled past some harmful virus inside their computer. **Chapter 7 Central Nervous System Answers** is easily reached in our digital library an online access to it is set as public hence you can download it instantly. Our digital library saves in combination countries, allowing you to acquire the most less latency time to download any of our books in imitation of this one. Merely said, the Chapter 7 Central Nervous System Answers is universally compatible afterward any devices to read.

The Central Nervous System. The central nervous system (CNS) is made up of the brain and spinal cord and is covered with three layers of protective coverings called meninges ( " meninges " is derived from the Greek and means " membranes (Figure 5.3). The outermost layer is the dura mater, the middle layer is the web-like arachnoid mater, and the inner layer is the pia mater, which directly contacts and covers the brain and spinal cord.

[The Nervous 7 CHAPTER OUTLINE System W](#)

The central nervous system (CNS) is made up of two organs: the brain and the spinal cord. These organs receive information from the outside world (sensory), process that information, and send a response to the body (motor). The peripheral nervous system (PNS) is made of all the nerves that arise from the brain and spinal cord, and then travel throughout the body.
