Pendleton, that virtually none of these temporal incoherences seem to have been noted before. Moreover,

this study departs from the critical consensus that the earlier drafts of the novel are evidence of Fitzgerald's consummate artistry. Among the discoveries presented here are that Fitzgerald made no use of the 1922 calendar; that he did not work out the novel's time scheme until after completing about half of the manuscript version (possibly because he intended *Gatsby* to be much longer); and that, quite probably, he attempted to disguise at least some of the book's temporal misplacements and contradictions. Further, this study shows that even the most praised of

Fitzgerald's revisions - his relocation of materials dealing with Gatsby's past so as to gradually reveal his secret - was apparently without exception accompanied by faulty temporal connections to the plot line.

The Rising Tide of Color Against White World-Supremacy (1920), by Lothrop Stoddard, postulates the collapse of white world empire, and of colonialism, because of the population growth among colored peoples. The postulations constitute

scientific racism, with which Stoddard concludes for, and advocates, an eugenic separation of the "primary races" of the world. Despite the book's title, Stoddard does not advocate a white race bid for world domination, based on white supremacy, but questions the right of white peoples to invade the lands of other races, and criticizes the European colonial empire powers for imposing their will upon the peoples of Asia. The Catcher in the Rye HarperCollins
Set in the Jazz Age on Long Island, the novel depicts narrator Nick

Carraway's interactions with mysterious millionaire Jay Gatsby and Gatsby's obsession to reunite with his former lover, Daisy Buchanan. Gatsby continues to attract popular and scholarly attention. The novel was most recently adapted to film in 2013 by director Baz Luhrmann, while modern scholars emphasize the novel's treatment of social class, inherited wealth compared to those who are self-made, race, environmentalism, and its cynical

attitude towards the American dream. As with other works by Fitzgerald, criticisms include allegations of antisemitism. The Great Gatsby is widely considered to be a literary masterwork and a contender for the title of the Great American Novel.

A novel is a story, a collection of experiences transmitted from the mind of one to the mind of another. It offers a way to unwind, a way to focus, a way to learn about life—distraction, entertainment, and diversion. But it

can also be something much more powerful. When read at the right time in your life, a novel can—quite literally—change it. The Novel Cure is a reminder of that power. To create this apothecary, the authors have trawled through two thousand years of literature for the most brilliant minds and engrossing reads. Structured like a reference book, it allows readers to simply look up their ailment, whether it be agoraphobia, boredom, or midlife crisis, then they

are given the name of a novel to read as the antidote. Red Storm Rising Simon and Schuster
