Freak the Mighty Houghton

Mifflin Harcourt

A classic tale by Newbery Medalist Kate DiCamillo, America's beloved storyteller. One summer 's day, ten-year-old India Opal Buloni goes down to the local supermarket for some groceries – and comes home with a dog. But Winn-Dixie is no ordinary dog. It ' s because of Winn-Dixie that Opal begins to make friends. And it ' s because of Winn-Dixie that she finally dares to ask her father about her mother, who left when Opal was three. In fact, as

Opal admits, just about everything that happens that summer is because of Winn-Dixie. Featuring a new cover illustration by E. B. Lewis and an excerpt of Kate DiCamillo's newest novel, Raymie Nightingale.

The first adventure of this NEW YORK TIMES best-selling porcine wonder is now available as an e-book. (Ages 6 - 8) Features an audio read-along! To Mr. and Mrs. Watson, Mercy is not just a pig – she's a porcine wonder. And to the portly and good-natured Mercy, the Watsons are an excellent source of buttered toast, not to mention that buttery-toasty feeling she gets when she snuggles into bed with them. This is not, however, so good for the Watsons' bed. BOOM! CRACK! As the bed and its

occupants slowly sink through the floor, Mercy escapes in a flash – "to alert the fire department," her owners assure themselves. But could Mercy possibly have another emergency in mind – like a sudden craving for their neighbors' sugar cookies? Welcome to the wry and endearing world of Mercy Watson – an ebullient new character for early chapter-book readers in a series that's destined to be a classic. Stone Fox "O'Reilly Media, Inc." The Dynamics of Powerful
Parenting is a book about
power, the power held by
a parent to shape the
development of a child,
and the power of a child
to either accept or reject
those efforts. Often, when
things are not working
well for parents with their
children, they will
continue doing the same
things, yet with ever
more vigor. Usually, the
result will be more of the
same, only worse. A
secret to understanding
the dynamics of many
human behaviors lies in

the paradox of the
Chinese Finger Puzzle
(aka: Chinese Handcuff).
The Chinese finger puzzle
is a tube woven from
bamboo shoots that is
several inches long and
about the diameter of a
person's fingers; true to
its nature, the tube will
narrow as its ends are
pulled. Thus, when the
tube is slipped over the
ends of fingers or thumbs
on opposing hands, the
subject's efforts to pull
his or her fingers apart
are met with increasing
resistance from the

device. So it is with much of being human. The thing that people wish to avoid most is the very thing that results from their efforts to do so.

Dynamics is a book written with this paradox in mind. It is a book of insights about parenting that turns upside down many of the things that are currently held dear in "traditional" parenting efforts. It is a book that downplays the use of punishment, but never overlooks the need for discipline and

responsibility. Dynamics encourages parents to think about what they are doing, how they are doing it, and what are they are experiencing as a result, then provides useful tools for changing undesired outcomes. It is a book that can produce positive results that will benefit generations yet unborn. WHAT MATTERS. As a busy mom with three young kids and a career, #1 national bestselling

author Christy Wright knows what it ' s like to try to do it all and be stretched too thin. After years of running on empty, she realized she had to do something different. It wasn ' t just a matter of saying no to a few things. She had to figure out why she felt overwhelmed, overcommitted, and out of balance. Here ' s what she discovered: Life balance isn't something you do. It's something you feel. The great news is you can feel balanced — even	in your busy life. In <i>Take Back Your Time</i> , Christy redefines what balance is and reveals the clear path to actually achieve it. You'll learn how to: Identify what balance looks like in your unique situation and season. Find confidence in the choices that are right for you. Feel peace even during chaotic times. Learn how to be present for your life and actually enjoy it! You weren ' t created to live busy and burnt out, unhappy and unfulfilled. You shouldn ' t be haunted	by some elusive idea of balancing it all. There ' s more for you right now. Today. And it starts with taking back your time the guilt-free way. <i>A Workbook</i> Simon and Schuster John Reynolds Gardiner's classic action-packed adventure story about a thrilling dogsled race has captivated readers for more than thirty years. Based on a Rocky Mountain legend, <i>Stone Fox</i> tells the story of Little Willy, who lives with his grandfather in Wyoming. When Grandfather falls ill, he is

no longer able to work the farm, which is in danger of foreclosure. Little Willy is determined to win the National Dogsled Race—the prize money would save the farm and his grandfather. But he isn't the only one who desperately wants to win. Willy and his brave dog Searchlight must face off against experienced racers, including a Native American man named Stone Fox, who has never lost a race. Exciting and heartwarming, this novel has sold millions of copies and was named a New York Times Outstanding Children's Book.

Excel 2013: The Missing Manual Trafford Publishing Microsoft Excel continues to grow in power, sophistication, and capability, but one thing that has changed very little since the early '90s is its user interface. The once-simple toolbar has been packed with so many

features over the years that few users know where to find them all. Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use. Unfortunately, Microsoft's documentation is as scant as ever, so even if users can find advanced features, they probably won't know	what to do with them. Excel 2007: The Missing Manual covers the entire gamut of how to build spreadsheets, add and format information, print reports, create charts and graphics, and use basic formulas and functions. Like its siblings in the Missing Manual series, this book crackles with a fine sense of humor and refreshing objectivity about its subject, guiding readers through	the new Excel with clear explanations, step-by-step instructions, lots of illustrations, and friendly, time-saving advice. It's a perfect primer for small businesses with no techie to turn to, as well as those who want to organize household and office information.
