Diffusion Lab - using plastic bags, iodine, starch and water Cell Transport Graphic - label the cell membrane. Diffusion and Osmosis Crossword Puzzle Osmosis Review Guide [Chapter Review; Diffusion and Osmosis Flashcards | Quizlet](#)

Understanding the concepts of diffusion and osmosis is critical for conceptualizing how substances move across cell membranes. Diffusion can occur across a semipermeable membrane; however diffusion also occurs where no barrier (or membrane) is present. A number of factors can affect the rate of diffusion, including temperature, molecular weight, concentration gradient, electrical charge, and distance.
