Character Analysis, written by Wilhelm Reich over the years 1925 to 1948. It is a classic of depth psychology and radical social theory. The significance of Reich's work lies in his advancing a conception of mind which subsumes both physiological processes and social life

Character Analysis - Wilhelm Reich
In Wilhelm Reich In Charakteranalyse (1933; Character Analysis), Reich called attention to the use of character structure as a protective armour to keep the individual from discovering his own underlying neuroses. He believed that repressed feelings

were also manifested as muscular tension and that this mental and physical armour could be...

Wilhelm Reich writes, "In the practice of his profession, the analyst is daily confronted with problems, for whose solution neither theoretical knowledge nor practical experience alone is adequate.

In this enlarged edition, Reich illustrates how his study of character led to a

comprehension of the biological basis of neuroses and finally to the discovery of the cosmic orgone energy. Thus, character analysis is taken out of the realm of psychology and put on the firm basis of natural science, in the form of orgone biophysics.
