In Wilhelm Reich In Charakteranalyse (1933; Character Analysis), Reich called attention to the use of character structure as a protective armour to keep the individual from discovering his own underlying neuroses. He believed that repressed feelings were also manifested as muscular tension and that this mental and physical armour could be...

## **Character Analysis - Wikipedia**

Reich was a respected analyst for much of his life, focusing on character structure, rather than on individual neurotic symptoms. He promoted adolescent sexuality, the availability of contraceptives and abortion, and the importance for women of economic independence.

#### Character Analysis Wilhelm Reich

Reich argues that character structures were organizations of resistance with which individuals avoided facing their neuroses: different character structures — whether schizoid, oral, psychopathic, masochistic, hysterical, compulsive, narcissistic, or rigid — were sustained biologically as body types by unconscious muscular contraction.

#### **Reich's Concept of Armoring - Orgonomic Therapy**

In this enlarged edition, Reich illustrates how his study of character led to a comprehension of the biological basis of neuroses and finally to the discovery of the cosmic orgone energy. Thus, character analysis is taken out of the realm of psychology and put on the firm basis of natural science, in the form of orgone biophysics.
