Character Strengths and Virtues classifies twenty-four specific strengths under six broad virtues that consistently emerge across history and culture: wisdom, courage, humanity, justice, temperance, and transcendence. Each strength is thoroughly examined in its own chapter, with special attention to its meaning, explanation, measurement, causes, correlates, consequences, and development across the life span, as well as to strategies for its deliberate cultivation.

[The Classification of Character Strengths and Virtues](#)

Character Strengths and Virtues is a book by Christopher Peterson and Martin Seligman that attempts to present a measure of humanist

ideals of virtue in an empirical, rigorously scientific manner. In the same way that the Diagnostic and Statistical Manual of Mental Disorders assesses and facilitates research on mental disorders, CSV is intended to provide a theoretical framework to assist in developing practical applications for positive psychology.
