“Splendid . . . One could not imagine a better subject than Zhan Dai for Spence.” (The New Republic) Celebrated China scholar Jonathan Spence vividly brings to life seventeenth-century China through this biography of Zhang Dai, recognized as one of the finest historians and essayists of the Ming dynasty. Born in 1597, Zhang Dai was forty-seven when the Ming dynasty, after more than two hundred years of rule, was overthrown by the Manchu invasion of 1644. Having lost his fortune and way of life, Zhang Dai fled to the countryside and spent his final forty years recounting the time of creativity and

renaissance during Ming rule before the violent upheaval of its collapse. This absorbing tale of Zhang Dai's life illuminates the transformation of a culture and reveals how China's history affects its place in the world today.

The Black Camel Simon and Schuster

This early work by Earl Derr Biggers was originally published in 1929 and we are now republishing it with a brand new introductory biography. "The Black Camel" tells the story of a Hollywood star (Shelah Fane), who is stopping in Hawaii after she finished shooting a film on location in Tahiti. She is murdered in the pavilion of her renter house in Waikiki during her stay. Chan, in his position as a detective with the Honolulu Police Department, "investigates amid public clamor demanding that the murderer be found and punished immediately. "Death is a black camel that kneels unbidden at every gate. Tonight black camel has knelt here", Chan tells the suspects. Earl Derr Biggers was born on 26th August 1884 in Warren, Ohio, USA. Biggers received his further education at Harvard University, where he developed a reputation as a literary rebel, preferring the popular modern authors, such as Rudyard Kipling and Richard Harding Davis to the established figures of classical literature.

Following in their footsteps upon graduating, he himself began a career as a popular writer, penning humorous articles and reviews for the Boston Traveler. While on holiday in Hawaii, Biggers heard tales of a real-life Chinese detective operating in Honolulu, named Chang Apana. This inspired him to create his most enduring legacy in the character of super-sleuth Charlie Chan. The first Chan story "The House Without a Key" (1925) was published as a serialised story in the Saturday Evening Post and then released as a novel in the same year. Biggers went on to write five more Chan novels and all were licensed for movie adaptations by Fox Films. These films were hugely popular with several different actors taking the lead role of Chan. Eventually; over 40 films were produced featuring the character. Biggers only saw the early on-screen successes of Charlie Chan due to his death at the age of only 48 from a heart attack in April 1933.

Harper Collins

The House Without a Key Earl Derr Biggers The novel, which takes place in 1920s Hawaii, spends time acquainting the reader with the look and feel of the islands of that era from the standpoint of both white and non-white inhabitants, and describes social class structures and customs which have largely vanished in the 21st century. The novel deals with the murder of a former member of Boston society who has lived in Hawaii for a number of years. The main character is

the victim's nephew, a straitlaced young Bostonian bond trader, who came to the islands to try to convince his aunt Minerva, whose vacation has extended many months, to return to Boston. The nephew, John Quincy Winterslip, soon falls under the spell of the islands himself, meets an attractive young woman, breaks his engagement to his straitlaced Bostonian fiancée Agatha, and decides after the murder is solved to move to San Francisco. In the interval, he is introduced to many levels of Hawaiian society and is of some assistance to Detective Charlie Chan in solving the mystery. "An exceptional and compelling biography about one of the Tudor Age's most complex and controversial figures." –Alison Weir
Thomas Cromwell has long been reviled as a Machiavellian schemer who stopped at nothing in his quest for power. As King Henry VIII's right-hand man, Cromwell was the architect of the English Reformation; secured Henry's divorce from Catherine of Aragon and plotted the downfall of his second wife, Anne Boleyn; and was fatally accused of trying to usurp the king himself. In this engrossing biography, acclaimed British historian Tracy Borman reveals a different side to one of history's most notorious characters: that of a caring husband and father, a fiercely loyal servant and friend, and a revolutionary who was key in transforming medieval England into a modern state. Thomas

Cromwell was at the heart of the most momentous events of his time—from funding the translation and dissemination of the first vernacular Bible to legitimizing Anne Boleyn as queen—and wielded immense power over both church and state. The impact of his seismic political, religious, and social reforms can still be felt today. Grounded in excellent primary source research, Thomas Cromwell gives an inside look at a monarchy that has captured the Western imagination for centuries and tells the story of a controversial and enigmatic man who forever changed the shape of his country. "An intelligent, sympathetic, and well researched biography."
–The Wall Street Journal
