Elsevier Australia

Your bookkeeping workflow will be smoother and faster with QuickBooks 2011 -- but only if you spend more time using the program than figuring out how it works. This Missing Manual puts

you in control: You'll not only find out how and when to use specific features, you'll also get basic accounting advice to help you through the learning process. Set up QuickBooks. Arrange files and preferences to suit your company. Manage your business. Track inventory, control spending, run payroll, and handle income. Follow the money. Examine everything from customer invoices to year-end tasks. Find key info quickly. Take advantage of QuickBooks' reports, Company Snapshot, and search tools. Streamline your workflow. Set up the Home page and Online Banking Center to meet your needs. Build and monitor budgets. Learn how to keep your company financially fit. Share your financial data. Work with your accountant more efficiently. Uniform Chart of Accounts International Monetary Fund
The text and images in this book are in grayscale. A hardback color version is available. Search for ISBN 9781680922929. Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student. Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts

and promote comprehension over rote memorization.

Bookkeeping for churches can be quite different than for-profit businesses, and the other guides available cover either QuickBooks or church accounting, not both. Lisa London, *The Accountant Beside You*, walks you through QuickBooks for your church from start to finish, always with examples, terminology, and understanding of what a busy church administrator needs to know in a clear, concise style. With her friendly easy-to-understand style and illustrative screenshots, Lisa guides new QuickBooks users every step of the way, while her tips for how to make QuickBooks work better for churches provides new insight and procedures for even the experienced bookkeeper. Not only does she step you through how to set up QuickBooks and utilize it more efficiently for your house of worship, but she also discusses everything you need to know to implement controls and procedures to ensure that your church's money is always protected. QuickBooks for Churches covers PC versions of QuickBooks from 2012 forward and even includes what's new in the 2014 version. Lisa offers sound accounting procedures for both large and small houses of worship, for bookkeepers with years of experience as well as those just starting out. Let *The Accountant Beside You* take one more worry off your crowded to-do list.
