What they discover is not just a man trapped by his own creation, but a chilling reflection of the unsolvable secrets deep within human nature. The Invisible Man is a timeless classic that not only entertains and thrills, but also sheds light on questions of human nature and the dangers

Finding Perfect Penguin

The first installment in Hot in Chicago, a brand-new, sizzling series from Kate Meader that follows a group of firefighting foster siblings and their blazing hot love interests!

Savvy PR guru Kinsey Taylor has always defined herself by her career, not her gender.

That is, until she moved from San Francisco to Chicago to be with her fiancé who thought she wasn't taking her "job" of supporting him in his high-powered career seriously enough—and promptly dumped her for a more supportive and "feminine" nurse. Now, as

the new assistant press secretary to Chicago's dynamic mayor, she's determined to keep her eye on the prize: no time to feel inferior because she's a strong, kick-ass woman, and certainly no time for men. But that all changes when she meets Luke Almeida, a firefighter as searingly sexy as he is quick-tempered. He's also the second oldest of the Firefightin' Dempseys, a family of foster siblings who have committed their lives to the service—if Luke's antics don't get him fired first.

When Luke goes one step too far and gets into a bar brawl with the Chicago Police Department, Kinsey marches into Luke's firehouse and lays down the law on orders from the mayor. But at Engine Co. 6, Luke Almeida is the law. And he's not about to let Kinsey make the rules.

How the Other Half Lives
Simon and Schuster

In eight stories, a master of the form extends and magnifies her great themes—the vagaries of love, the passion that leads down unexpected paths, the chaos hovering just under the surface of things, and the strange, often comical desires of the human heart. Time stretches out in some of the stories: a man and a woman look back forty years to the summer they met—the summer, as it turns out, that the true nature of their lives was revealed. In others time is telescoped: a young girl finds in the course of an evening that the mother she adores, and whose fluttery sexuality she hopes to emulate, will not sustain her—she must count on herself. Some choices are made—in a will, in a decision to leave home—with irrevocable and surprising consequences. At other times disaster is courted or barely skirted: when a mother has a startling dream about her baby; when a woman, driving her grandchildren to visit the lakeside haunts of her youth, starts a game that could have dangerous consequences. The rich layering that gives Alice Munro's work so strong a sense of life is particularly apparent in the title story, in which the death of a local optometrist brings an entire town into

focus—from the preadolescent boys who find his body, to the man who probably killed him, to the woman who must decide what to do about what she might know. Large, moving, profound, these are stories that extend the limits of fiction.

Even a whisper may jeopardize his inheritance and his chance at independence. His plan is simple: burn the painting, confront the artist. With his stunning debut novel, *She's Come Undone*, Wally Lamb won the adulation of critics and readers with his mesmerizing tale of one woman's painful yet triumphant journey of self-discovery. Now, this brilliantly talented writer returns with *I Know This Much Is True*, a heartbreaking and poignant multigenerational saga of the

reproductive bonds of destruction and the powerful force of forgiveness. A masterpiece that breathtakingly tells a story of alienation and connection, power and abuse, devastation and renewal--this novel is a contemporary retelling of an ancient Hindu myth. A proud king must confront his demons to achieve salvation. Change yourself, the myth instructs, and you will inhabit a renovated world. When you're the same brother of a schizophrenic identical twin, the tricky thing about saving yourself is the blood it leaves on your bands--the little inconvenience of the look-alike corpse at your feet. And if you're into both survival of the fittest and being your brother's keeper--if you've promised your dying mother--then say so long to sleep and hello to the middle

of the night. Grab a book or a beer. Get used to Letterman's gap-toothed smile of the absurd, or the view of the bedroom ceiling, or the influence of random selection. Take it from a godless insomniac. Take it from the uncrazy twin--the guy who beat the biochemical rap. Dominick Birdsey's entire life has been compromised and constricted by anger and fear, by the paranoid schizophrenic twin brother he both deeply loves and resents, and by the past they shared with their adoptive father, Ray, a spit-and-polish ex-Navy man (the five-foot-six-inch sleeping giant who snoozed upstairs weekdays in the spare room and built submarines at night), and their long-suffering mother, Concettina, a timid woman with a harelip that made her shy and self-conscious: She holds a loose fist to her face to cover her defective mouth--her perpetual apology to the world for a birth defect over which she'd had no control. Born in the waning moments of 1949 and the opening minutes of 1950, the twins are physical mirror images who grow into separate yet connected entities: the seemingly strong and protective yet fearful Dominick, his mother's watchful "monkey"; and the seemingly weak and sweet yet noble Thomas, his mother's gentle "bunny." From childhood, Dominick fights for both separation and wholeness--and ultimately self-protection--in a house of fear dominated by Ray, a bully who abuses his power over these stepsons whose biological father is a mystery. I was still afraid of his anger but saw how he punished

weakness--pounced on it. Out of self-preservation I hid my fear, Dominick confesses. As for Thomas, he just never knew how to play defense. He just didn't get it. But Dominick's talent for survival comes at an enormous cost, including the breakup of his marriage to the warm, beautiful Dessa, whom he still loves. And it will be put to the ultimate test when Thomas, a Bible-spouting zealot, commits an unthinkable act that threatens the tenuous balance of both his and Dominick's lives. To save himself, Dominick must confront not only the pain of his past but the dark secrets he has locked deep within himself, and the sins of his ancestors--a quest that will lead him beyond the confines of his blue-collar New England town to the volcanic foothills of Sicily's Mount Etna, where his ambitious and vengefully proud grandfather and a namesake Domenico Tempesta, the *sostegno del famiglia*, was born. Each of the stories Ma told us about Papa reinforced the message that he was the boss, that he ruled the roost, that what he said went. Searching for answers, Dominick turns to the whispers of the dead, to the pages of his grandfather's handwritten memoir, *The History of Domenico Onofrio Tempesta, a Great Man from Humble Beginnings*. Rendered with touches of magic realism, Domenico's fablelike tale--in which monkeys enchant and religious statues weep--becomes the old man's confession--an unwitting legacy of contrition that reveals the truth's of Domenico's life, Dominick learns that power, wrongly

used, defeats the oppressor as well as the oppressed, and now, picking through the humble shards of his deconstructed life, he will search for the courage and love to forgive, to expiate his and his ancestors' transgressions, and finally to rebuild himself beyond the haunted shadow of his twin. Set against the vivid panoply of twentieth-century America and filled with richly drawn, memorable characters, this deeply moving and thoroughly satisfying novel brings to light humanity's deepest needs and fears, our aloneness, our desire for love and acceptance, our struggle to survive at all costs. Joyous, mystical, and exquisitely written, *I Know This Much Is True* is an extraordinary reading experience that will leave no reader untouched. Everything Sad Is Untrue

The Night Before David Fickling Books

In a world of rising tensions between Russia and the United States, the Middle East and Europe, Sunnis and Shiites, Islamism and liberalism, Turkey is at the epicentre. And at the heart of Turkey is its right-wing populist president, Recep Tayyip Erdoğan. Since 2002, Erdoğan has consolidated his

hold on domestic politics while using military and diplomatic means to solidify Turkey as a regional power. His crackdown has been brutal and consistent - scores of journalists arrested, academics officially banned from leaving the country, university deans fired and many of the highest-ranking military officers arrested. In some senses, the nefarious and failed 2016 coup has given Erdoğan the licence to make good on his repeated promise to bring order and stability under a 'strongman'. Here, leading Turkish expert Soner Cagaptay will look at Erdoğan's roots in Turkish history, what he believes in and how he has cemented his rule, as well as what this means for the world. The book will also unpick the 'threats' Erdogan has worked to combat - from the liberal

Turks to the Gulen movement, from coup plotters to Kurdish nationalists - all of which have culminated in the crisis of modern Turkey.
