*Note: This is a novella told from Declan Fraser's point of view, based on events that take place in "Chasing Serenity." This is a companion piece to that novel and as such, the author recommends reading "Chasing Serenity" before "Behind the Pitch."

This is NOT a rehash of Chasing Serenity.* Expat Irish rugby player Declan Fraser only wanted to play the sport he loves. He didn't want to be stuck in this middle-of-nowhere town at this all too quaint university. He didn't want his team captain to be an entitled jackass who switched Declan's position on the squad just to make himself look good. And he sure as hell didn't want to fall in love with graduate student Autumn McShane. Autumn is stubborn, but gorgeous; she bristles at any hint of dependency on anyone or anything, but she's also a survivor. She's everything Declan didn't know he wanted. When Autumn finds herself in the middle of a challenging bet with her ex-boyfriend - who just happens to be the arrogant team captain that Declan hates - he feels honor bound to help her out. But he didn't expect to fall for her in the process. "Behind the Pitch" reveals the most twisted and erotic thoughts in Declan's head as he navigates through his on again/off again, frustrating and deeply erotic relationship with Autumn McShane.

And lordy, does he have a filthy mind.

Hello. My name is Josh, and I'm a dentist. If you are like me, that simple introduction typically sets off one of several severe reactions. The uncomfortable shuffle as the person you just met tries to get away from you. Or maybe it goes the opposite direction and an emergency exam about tooth whitening ensues. Like you, I decided to pursue this career years ago because I wanted to help people. Like you, I go to the office every day and do many things that are hard to reconcile as actually "helping people." I wrote this book because you and I probably share one distinct fear. You know the one. The one where you sink years of your life, thousands upon thousands of dollars, and many sleepless nights into a profession. The fear that, despite all that effort, you end up a nameless face working for a big box organization that doesn't care about you, your co-workers, or the people you are serving. Dr. Fries-With-That is a book about getting past that fear and finding a new way forward.

How Boston radio station WBCN became the hub of the rock-and-roll, antiwar, psychedelic solar system. While San Francisco was celebrating a psychedelic Summer of Love in 1967, Boston stayed buttoned up and battened down. But that changed the following year, when a Harvard Law School graduate student named Ray Riepen founded a radio station that played music that young people, including the hundreds of thousands at Boston-area colleges, actually wanted to hear. WBCN-FM featured album cuts by such artists as the Mothers of Invention, Aretha Franklin, and Cream, played by announcers who felt free to express their opinions on subjects that ranged from recreational drugs to the war in Vietnam. In this engaging and generously illustrated chronicle, Peabody Award – winning journalist and one-time WBCN announcer Bill Lichtenstein tells the story of how a radio station became part of a revolution in youth culture. At WBCN, creativity and countercultural politics ruled: there were no set playlists; news segments anticipated the satire of *The Daily Show*; on-air interviewees ranged from John and Yoko to Noam Chomsky; a telephone “Listener Line” fielded questions on any subject, day and night. From 1968 to Watergate, Boston’s WBCN was the hub of the rock-and-roll, antiwar, psychedelic solar system. A cornucopia of images in color and black and white includes concert posters, news clippings, photographs of performers in action, and scenes of joyousness on Boston Common. Interwoven through the narrative are excerpts from interviews with WBCN pioneers, including Charles Laquidara, the “news dissector” Danny Schechter, Marsha Steinberg, and Mitchell Kertzman. Lichtenstein’s documentary *WBCN and the American Revolution* is available as a DVD sold separately. [Private Edens](#) University of Michigan Press

Resonance. It's a given on the ice planet, forced upon you by the parasitic symbiont called the 'khui'. With resonance, a guy and a girl are paired up because they'll make great babies. It's a survival mechanism necessary for this sparsely-populated world we're stranded on...and romantic, in a weird, alien way. Everyone expects resonance to happen when twenty newcomers are dropped onto the frosty world. I doubt anyone expects the gorgeous, golden god named Ashtar to resonate to someone like me, though. He's fierce. Flirty. Powerful. Disgustingly handsome. I'm...not any of those things. I'm bland. Boring. Clumsy. But resonance seems to think we'd be great together. And Ashtar does, too... ___ The Icehome series features all of the adventure, humor and community you've come to expect in the Ice Planet Barbarians series, but it stands on its own. You do not need to read the other series (or be caught up) in order to read VERONICA'S DRAGON. I do recommend reading LAUREN'S BARBARIAN to get the full experience. Enjoy!
