So when a major Hollywood studio hires her to rewrite "Harry Potter," one of the most popular sagas of all time, she sees no better way. When Drake thinks he can ' t take another blow, he is reminded daily of his mom who vanished twelve years ago. And now there ' s a dead body. After a terrible accident turns into a protected secret, a twisted string of events brings Drake miles away from home to an elderly man ' s front door. Every promising opportunity also brings new doubts and temptations to run away—this time for good. When the secret he has kept locked away threatens to reveal itself, Drake knows he must shield it with his very life, even if the love he

Approximately 50% of all college courses are taught by adjunct faculty. College administrators expect exemplary professional performance from these teachers. But the low pay, the lack of job security, and the lack of professional support shows that these faculty are certainly not treated as professionals. Who are the people who become--and remain--adjunct faculty? Why do they do it? What do they hope to achieve? How does the way they are treated affect their lives? And the work they are hired to do? Why have the colleges allowed themselves to be dependent upon adjunct faculty? What are the short and long term effects on the students who find themselves in the classrooms of adjunct faculty? These questions will be answered by the essays in this book, all of which were written by adjunct faculty whose lives were forever altered by their

experience."--Back cover. *Gone to America* Lulu Press, Inc

" [A] stunning tale of academic fraud . . . shocking and compelling. " -The Washington Post
Dave Tomar wrote term papers for a living. Technically, the papers were " study guides," and the companies he wrote for-there are quite a few-are completely aboveboard and easily found with a quick web search. For as little as ten dollars a page, these paper mills provide a custom essay, written to the specifics of any course assignment. During Tomar's career as an academic surrogate, he wrote made-to-order papers for everything from introductory college courses to Ph.D. dissertations. There was never a shortage of demand for his services. The *Shadow Scholar* is the story of this dubious but all-too-common career. In turns shocking, absurd, and ultimately sobering, Tomar explores not merely his own misdeeds but the bureaucratic and cash-hungry colleges, lazy students, and even misguided parents who help make it all possible.

This is a memoir presented in an anthological - like format; in other words, a collection of short stories, on the life of the author. It starts when he was growing up in the Philippine countryside of Ilocos Sur province. Just like a normal kid, he played with his friends, did crazy things, went to school and moved to Manila, for his college education. He got

married while in fifth year college, but still graduated on time. This book relates his struggles, failures, as well as successes, including his coming to America. Searching for the American Dream was no picnic either, but with perseverance, he achieved some of them in modest ways. Foreigners planning to immigrate to the great ol' USA could get glimpses, on what it takes, to come and live in America.
