Introduction to Java Programming and Data Structures Cambridge University Press

This Teacher's Resource Book will ensure you can deliver the Cambridge Secondary 1 programme for Science with confidence. It offers detailed support with the practical aspects of the course, and includes plenty of homework activities and worksheets. To help prepare your students for the examination there are sample Checkpoint Tests for use at the end of the relevant stage, with full mark schemes. Biology, Chemistry and Physics are combined in a single handy volume, but the material is in three distinct sections so you can still teach the course as three separate Sciences if you prefer.

Cambridge Checkpoint Science Teacher's Resource Cambridge University Press

"Checkpoint Chemistry is one of three books that covers the requirements of the Cambridge International Examinations Checkpoint tests and other equivalent junior secondary science courses. The clear text and colourful illustrations and photographs fully explain the concepts and encourage background reading. Boxed sections are used to show how scientific ideas have developed and how they are applied in today's world. Each book contains a glossary and is supported by a Teacher's Resource Book that contains details of practical work."
