If you are an undergraduate nursing or healthcare student about to embark on a short course in biochemistry and feel daunted by the prospect because you ’ ve done very little chemistry in the past, found it difficult or studied it so long ago you ’ ve forgotten it all, then this is the book for you.
Equally, if clinical practice has brought you back to biochemistry just when you were

hoping you could forget it all, this could be your lifeline! Having taught biochemistry to all sorts of students, from nurses to chemical engineers, for more than 30 years, Professor Paul Engel knows how to take the ‘ pain ’ out of your studies.
