[Cheryl - My Story](#) Random House Cheryl J. Fish first visited Finland as a Fulbright professor in 2007. Since then she has returned many times to research protest and resistance to mining and extraction in Arctic Fennoscandia in the works of Sami filmmakers, photographers, and artists. However, the landscapes and experiences of the country's saunas, lakes, villages, homes, streets, and parks evoked rich stories and poetry. This unique collection of poems, *The Sauna Is Full of Maids*, is a reflection on how present-day Finnish life intertwines with folklore and mythology-expressed in the Kalevala, a work of epic poetry compiled from long-lived ballads, songs, and incantations-and advancing modern developments. Accompanied by many of the poet's own photographs, this collection has the kind of rich cultural

detail that warms and satisfies the reader with insight and appreciation. Hear Me Out Bantam Press

This eagerly awaited new novel from Trevor Cole combines the humour and sharp observations of contemporary life that he is known for with an irresistibly twisted premise, for fans of the quirkily macabre *Six Feet Under* and *Dexter*, and readers of Paul Quarrington, Miriam Toews, Jonathan Franzen, and, of course, Trevor Cole. In his first two, GG-shortlisted novels, Trevor Cole proved himself a master of drawing us into the shadowy side of human nature with sharp observation and warm wit. In *Practical Jean*, he goes a step further: this is a darkly humorous and revelatory tale of an ordinary, small-town woman with the usual challenges of middle age – a do-nothing husband, a family that refuses to understand her – who realizes her fondest wish is to protect her dearest friends from the indignities of aging and illness. And that's when she decides to kill them . . .

Cheryl says: 'I think looking at pictures is a bit like listening to music - it reminds you of what was happening and how you were feeling at certain times in your life. Sometimes I look at old pictures and I can't believe that was me. I think we all do that. I went through a phase of being a bit tomboyish when I loved trainers and Timberland boots and baggy trousers. I had pink streaks in my hair at one point but I was experimenting and at the time I liked it. I can look at photos and straight away they'll bring back loads of memories. That's really why I wanted to do this book, so I could choose pictures that mean something

to me and tell the stories that go with them.'
