CHEVALIER FSG-2A618 AUTOMATIC SURFACE GRINDER

I just bought a used Chevalier FSG618 that is 2hp, wired 220vac 3ph. I will be running it off an RPC. I have heard that the users manuals are hard to get, even from Chevalier. I literally just sent an inquiry about 10 minutes ago, to Chevalier for a manual. Evidently these manuals come in three parts.

Operations info or manual for Chevalier fully automatic surface grinder ? In this case it's a 1996 Chevalier FSG 1640 AD, but I think all of the FSG-AD line operate the same way. Photo below is of a smaller one. Mystified by a few of the buttons and knobs on the control and only manual I got with it is the electrical.
