The Muncie
4-speeds, M20,
M21, and M22 are
some of the most

popular manual transmissions ever made and continue to be incredibly popular. The Muncie was the top high-performance manual transmission GM offered in its muscle cars of the 60s and early 70s. It was installed in the Camaro, Chevelle, Buick GS, Pontiac GTO, Olds Cutlass, and many other classic cars. Many owners want to retain the original transmission in their classic cars to maintain its value. Transmission expert and veteran author Paul Cangialosi has created an indispensable reference to Muncie 4-speeds that guides you through each

crucial stage of the rebuild process. Comprehensive ID information is provided, so you can positively identify the cases, shafts, and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and complete the rebuild. It also explains how to choose the ideal gear ratio for a particular application. Various high-performance and racing setups are also shown, including essential modifications, gun

drilling the shafts, cutting down the gears to remove weight, and achieving race-specific clearances. Muncie 4-speeds need rebuilding after many miles of service and extreme use. In addition, when a muscle car owner builds a high-performance engine that far exceeds stock horsepower, a stronger high-performance transmission must be built to accommodate this torque and horsepower increase. No other book goes into this much detail on the identification of the Muncie 4-speed, available parts, selection of gear

ratios, and the rebuild process. Diversion Books The "riveting" #1 New York Times bestseller: A true story of three wealthy families and the unbreakable ties of blood (Kirkus Reviews). The first bodies found were those of a feisty millionaire widow and her daughter in their posh Louisville, Kentucky, home. Months later, another wealthy widow and her prominent son and daughter-in-law were found savagely slain in Winston-Salem, North Carolina.

Mystified police first suspected a professional in the bizarre gangland-style killings that shattered the quiet tranquility of two well-to-do southern communities. But soon a suspicion grew that turned their focus to a family. The Sharps. The Newsoms. The Lynches. The only link between the three families was a beautiful, aristocratic young mother named Susie Sharp Newsom Lynch. Could this former child "princess" and fraternity sweetheart have

committed such barbarous crimes? And what about her gun-loving first cousin and lover, Fritz Klenner, son of a nationally renowned doctor? In this tale of three families connected by marriage and murder, of obsessive love and bitter custody battles, Jerry Bledsoe recounts the shocking events that ultimately took nine lives, building to a truly horrifying climax that will leave you stunned. “Recreates . . . one of the most shocking crimes of

recent years.” —Publishers Weekly “Absorbing suspense.” —Chicago Tribune “Astonishing . . . Brilliantly chronicled.” —Detroit Free Press “An engrossing southern gothic sure to delight fans of the true-crime genre. Bledsoe maintains the suspense with a sure hand.” —The Charlotte Observer **2019 Chevrolet Blazer Owner Manual Compatible with OEM Owners Manual, Factory Glovebox Book** Haynes Manuals N.
