Relive the glorious first 25 years of Chevy drag racing in this comprehensive and nostalgic history. With the introduction of Chevy 's OHV V-8 in 1955, the brand 's domination on the drag strip immediately snowballed. Drag racers loved the compact V-8. It was lightweight, revved high, and responded like no other engine previously produced to modification. Chevy saw a record year in sales in 1955, thanks to a combination of a restyled body and the new mill. It was the age of ingenuity, and those who could get their hands on the new engine were swapping it into engine bays that once housed other weaker mills. Ford 's flathead, one that had dominated for so long, was rendered obsolete almost overnight. Chevy had a winner and dominated the sales charts for years to come. Aftermarket manufacturers got on board and offered up all the go-fast goodies needed to make Chevy a winner, no matter what category they ran. From Dragsters to Stock, Chevy 's success was immediate. And it was a long-term success, thanks to a combination of years of great styling and a vast array of driveline combinations.

Accomplished racing author Dour Boyce takes a celebratory look at those years of success, with a focus on the first 25 years (1955 through 1980). Chevrolets gave rise to such stars as Bill " Grumpy " Jenkins, " Jungle Jim " Liberman, " Sneaky Pete " Robinson, " Dyno " Don Nicholson, Sox & Martin, Dick Harrell, Dave Strickler, and many more. World champs and fan favorites all drove Chevys. The

success showed in the record books. No brand has won more races and events or has set more national records than Chevrolet. And unlike the other manufacturers, Ford and Chrysler, it was done with little to no factory support. Whether you are a hardcore Chevy fan or just love catching up on the history of drag racing during the golden age, this nostalgic look at Chevy racing history is sure to entertain for hours on end.

Why buy a

book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>
