Born in a dysfunctional lower middle class family in the middle of the "big" depression, no one could have predicted that Jinx Beers would be a pioneer for

the lesbian/gay rights movement in Southern California and the founder of the world's longest running lesbian newspaper. Jinx, who acquired the first name from an older sister and eventually made it legal, joined the U.S. Air Force when she was eighteen to get away from her home life and never looked back. She used her G.I. Bill to get a college degree and spent the next eighteen years on the UCLA campus in research in traffic safety. Meanwhile, the action on Christopher Street raised

the conscience of many lesbians and gays who began to join the agitation for lesbian/gay rights. Ferment in the Los Angeles community led to Jinx's founding of The Lesbian News in 1976. Although she is no longer associated with the newspaper, it has been published continuously for more than thirty years. Now seventy-five years old, Jinx has written her autobiography. This is the inside information on what makes this "Feminist Who Changed America" tick. For

conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
