Who Remember Their Past Lives

A Natural Phenomenon. Many children remember their past lives spontaneously, without hypnosis or prompting. Some as young as two and still in diapers blurt out, "I remember when I died before" or "My other mommy had curly hair". They often describe details that they had no way of learning in this life.

Childrens Past Lives How Life

The average age when they start remembering their past life is at 35 months, and their descriptions of events and experiences from their past life are often extensive and remarkably detailed. Tucker has pointed out that these children show very strong emotional involvement when they speak about their experiences; some actually cry and beg their parents to be taken to what they say is their previous family.

Are Past Lives Real? These 7 Stories Of Alleged Past Life ...

In this fascinating, controversial, and groundbreaking book, Carol Bowman reveals overwhelming evidence of past life memories in children. Not only are such experiences real, they are far more common than most people realize.

Bowman's extraordinary investigation was sparked when her young son, Chase, described his own past-life death on a Civil War battlefield—an account so accurate it was authenticated by an expert historian.
