What if the power to control the most terrifying animals in history fell into the hands of one of the most brilliant and ferocious military

leaders of all time? Battlesaurus reimagines the 1815 Battle of Waterloo as something other than a crushing defeat for the French emperor Napol é on Bonaparte, when he unleashes a terrible secret weapon—giant carnivorous survivors from pre-history—on his unsuspecting British and Prussian adversaries. In this

world, smaller “ saurs ” are an everyday danger in the forests of Europe, and the Americas are a forbidden zone roamed by the largest and most deadly animals ever to walk the earth. But in his quest for power, Napol é on has found a way to turn these giant dinosaurs into nineteenth-century weapons of mass

destruction. Only Willem Verheyen, an outsider living in hiding in the tiny village of Gaillemarde, has the power to ruin the tyrant's plans. And Napoleon will stop at nothing to find him. War is coming, and young Willem is no longer safe, for Gaillemarde is just a stone's throw from the fields of Waterloo—fields which will soon run red with blood. *Battlesaurus: Rampage at Waterloo* by Brian Falkner is the first in a thrilling alternate historical fantasy duology, which concludes with the sequel, *Battlesaurus: Clash of Empires*. "Part historical fiction, part dinosaur fantasy mash-up, this book will appeal to history buffs

and dinosaur fanatics alike. The battle scenes between Napoleon's army and the British are depicted in incredible detail, making readers feel as if they are right in the midst of the fight . . . The first of a promising duology that readers will find thrilling and positively addicting." —School Library Journal
"This alternative history asks, what if Napoleon won the battle at Waterloo . . . The novel quickly ramps up to suspense, immersing the reader in the swiftly moving plot. Characters are very well drawn, capturing the reader's sympathy. With an ending wide open for a sequel, complete with a plot-thickening cliff-hanger, one can only hope that Falkner is a swift

writer." —Booklist

Lucy 's Chantress magic will make her the most powerful—and most hunted—girl in England in this “ richly and thoughtfully written ” story (Publishers Weekly). “ Sing, and the

darkness will find you. ” This warning has haunted Lucy ever since she was shipwrecked on a lonely island. Lucy ' s guardian, Norrie, has lots of rules, but the most important is that Lucy must never sing. Not ever. But on All Hallows ' Eve, Lucy hears a tantalizing melody on the wind. She can ' t help but sing along—and she is swept into darkness. When she awakes in England, Lucy hears powerful men discussing Chantresses—wo men who can

sing magic into the world. They are hunting her, but she escapes and finds sanctuary with the Invisible College, an organization plotting to overthrow the nefarious Lord Protector. The only person powerful enough to bring about his downfall is a Chantress. And Lucy is the last one in England. Lucy struggles to master the song-spells and harness her power, but the Lord Protector is moving quickly. And her feelings for Nat, an Invisible

College apprentice and scientist who deeply distrusts her magic, only add to her confusion... Time is running out, and the fate of England hangs in the balance in this entrancing novel that is atmospheric and lyrical, dangerous and romantic.

After the Earth was destroyed by ruthless machine intelligences known as the Cold Minds, the remnants of the human race sought

refuge on the Hidden Worlds. Now, after six centuries of safety, the horrors of the past have returned to finish the extermination. Renegade jump pilot Iain sen Paolo and Linnea Kiaho know that the Cold Minds have found humanity again. To fight back, they need to recruit jump pilots. But the secretive Pilot Masters guard their secrets—and their ships—jealously. They refuse to admit that the Cold Minds have returned, or that anyone not of their number

could possess the ability to fly a jump ship. Now, Linnea must prove the Pilot Masters wrong. On the run, and desperately searching for allies to oppose the Cold Minds, Linnea and Iain face near impossible odds. But they know that somehow, they must succeed—or the humanity itself will become extinct.

the Crane The waking forest has secrets. To Rhea, it appears like a mirage, dark and dense, at the very edge of her backyard. But when she reaches out to touch it, the forest vanishes.

She's desperate to know more--until she finds a peculiar boy who offers to reveal its secrets. If she plays a game. To the Witch, the forest is her home, where she sits on

her throne of carved bone, waiting for dreaming children to beg her to grant their wishes. One night, a mysterious visitor arrives and asks her what she wishes for, but the Witch sends him away. And then the uninvited guest returns. The strangers are just the beginning. Something is stirring in the forest, and when Rhea's and the Witch's paths collide, a truth more treacherous and deadly than either could ever imagine surfaces. But how much are they willing to risk to survive? Journal AWARD: WINNER: Amelia Elizabeth Walden Award for young adult fiction YALSA 2014 Popular Paperbacks for Young Adults Fireborne Simon and Schuster "Fireborne is everything I want in fantasy."--Rachel Hartman, New York Times bestselling author of Seraphina Game of Thrones meets Red Rising in a debut young adult fantasy that's full

of rivalry, romance . . . and dragons. Annie and Lee were just children when a brutal revolution changed their world, giving everyone--even the lowborn--a chance to test into the governing class of dragonriders. Now they are both rising stars in the new regime, despite backgrounds that couldn't be more different. Annie's lowborn family was

executed by dragonfire, while Lee's aristocratic family was murdered by revolutionaries. Growing up in the same orphanage forged their friendship, and seven years of training have made them rivals for the top position in the dragonriding fleet. But everything changes when survivors from the old regime surface, bent on reclaiming the city.

With war on the horizon and his relationship with Annie changing fast, Lee must choose to kill the only family he has left or to betray everything he's come to believe in. And Annie must decide whether to protect the boy she loves . . . or step up to be the champion her city needs. From debut author Rosaria Munda comes a gripping adventure

that calls into question which matters most: the family you were born into, or the one you've chosen.

Ocean at the End of the Lane comes a haunting, sexy debut of magical realism. And look for Moïra Fowley-Doyle's newest book, Spellbook of the Lost and Found. Every October Cara and her family become inexplicably and unavoidably accident-prone. Some years it's bad, like the season when her father died, and some years it's just a lot of cuts and scrapes. This accident season—when Cara, her ex-stepbrother, Sam, and her best friend, Bea, are 17—is going to be a bad one. But not for the reasons they think. Cara is about to learn that not all the scars left by the accident season are physical: There's a long-hidden family secret underneath the bumps and bruises. This is the year Cara will finally fall desperately in love, when she'll start discovering the painful truth about the adults in her life, and when she'll uncover the dark origins of the accident season—whether she's ready or not.
